

COMPUTER WHIZ 1

Fourth Edition

Chapter 2 – Parts of the Computer

Building Blocks of a Computer

Book page no. 3

BUILDING BLOCKS OF A COMPUTER

The main parts of a computer are:

- Monitor
- Keyboard
- Mouse
- System Unit

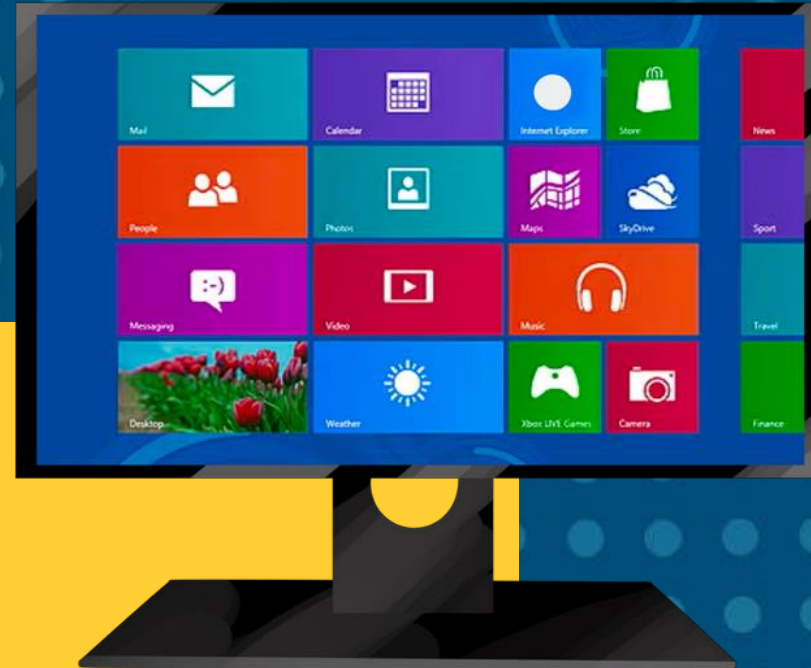

They all work together to help us use the computer. Let's find out more about them.

MONITOR

This is the monitor. It's like a TV screen. We use it to see pictures, videos, and everything we do on the computer.

KEYBOARD

This is the keyboard. It has many buttons called keys. We use it to type letters, numbers, and words.

MOUSE

This is the mouse. It helps us move the pointer on the screen. We can click on things to open them.

SYSTEM UNIT

This is the system unit. It's like the brain of the computer. It helps the computer think and do all the work.

Let's Explore...

**Go to your school lab and
identify all the parts of the
computer.**
