**Introduction**

*English for Early Learners* introduces English to young children through a wide range of listening, speaking, reading, and writing activities. It is a pre-primary series of three sets of materials for Pre-Nursery, Nursery and Kindergarten aged children. For each stage there is a Student Book with CD, Teaching Guide, and classroom Resources (including flash cards and wall charts). The materials take children through from basic skills such as developing hand-eye co-ordination and sounding out the English alphabet, to writing letters and words, reading simple sentences with support, and recognising rhyming words.

The materials have been developed with a focus on Pakistan’s *National Curriculum for Early Childhood Education (ECE)* and England’s phonic-based English Curriculum. The ECE Expected Learning Outcomes linked to Language and Literacy competencies are at the core of this series. Objectives throughout the lesson plans are based on these, as are many of the subject areas for learning English vocabulary. Many lessons offer the opportunity to teach competencies in other Key Learning Areas of the ECE too, including Personal and Social Development, Basic Mathematical Concepts, the World Around Us, and Creative Arts.

The essential value of play is at the core of this series, incorporating countless opportunities to explore the English language in a playful context and through child-led activities. Songs, rhymes, and stories have been included to further capture the interest of the youngest of children, and to offer lots of opportunities for them to enjoy the shared experience of speaking (or singing) and listening to English letter sounds and words—building a foundation for future writing.

**Helpful Hints**

As recommended in Pakistan’s *National Curriculum for Early Childhood Education (ECE)* the **environment** for learning should be pleasant and stimulating, and if possible, there should be Learning Corners for specific activities and the storage of relevant resources. Those especially relevant to teaching English are corners for language, the library and art. Labelling these corners and resources introduces the English language naturally into the environment. Where space allows, a specific area should be available for the children to gather for song, role-play, story-time, and other teacher-led activities.

**Display areas** for the resources supplied in this series (e.g. alphabet chart and posters) are vital. It is also important to have areas to display children’s work attractively and prominently.

The teaching of English in this series uses a **phonics-based approach**, as recommended by the Early Years Foundation Stage of the English National Curriculum. Phonics involves teaching the children the sounds of letters in the English alphabet. Each letter has both a name and a sound, and the phonics approach emphasizes the sound instead of the name. For example children are encouraged to sound out ‘a’ as in ‘apple’ when reading. Simple, consonant-vowel-consonant (cvc) words are read by sounding out each letter, left to right, and then blending (e.g. c-a-t). Children also learn how two letters (or more) can make one sound, for example ‘ck’ (d-u-ck), ‘oo’ (b-oo-t) and ‘sh’ (sh-o-p).
Teaching Resources

• Teaching Guides
• Wallcharts
• Flash cards

Teaching Guides
The Teaching Guides follow the same lesson plan format, with suggested times for each section. However, these plans should be used flexibly, and teachers are encouraged to alter elements according to individuals’ or whole class understanding.

• **starter** – teacher-led opener to gain the children’s attention and introduce the lesson focus/topic
• **whole class** – teacher-led activities involving the whole class working together
• **group/paired/individual work** – how many children work together in this section can be altered according to pupil ability; this section provides an opportunity to assess children’s understanding
• **review** – a review of the lesson provides a chance to assess whole class understanding, and elements can be repeated in this section as a result of observations made during group/paired/individual work

Lesson objectives and linked assessments are provided for each lesson. Resources are also listed – including the Resource sheets within the Teaching Book. The Resource sheets should be photocopied and the other resources gathered before the lesson begins. The children will need their Student Books for the majority of the lessons.

Grids for Pakistan’s Early Childhood Education competencies and a general assessment sheet are on pages 112 to 117. These can be photocopied for each child so that the teacher can record children’s progress and achievements.

Wallcharts (2)
• Alphabet wallchart
• Rhyming words

Flash cards (48)
Letter cards and picture cards.
Each lesson plan indicates when and how each resource should be used. However, these can also be used imaginatively by teachers, and for revision according to individual children’s and class needs.

Student Book
The Student Book contains a wide range of activities suitable for the level, including letter formation, and reference material that the children can return to, such as the alphabet in Unit 1; how letters are formed on the Writing practice pages in each unit; rhymes and stories to read with support in a number of units. The word list at the end of the book can be used to record learning, and also for revision of frequently used words, at home or in class.
Individual children will work on the activities at different speeds, so some may need additional time and support to complete the activities.

All children are likely to need support in understanding what is required of them for each activity at this level. Before starting work, ensure all the children understand the instructions. Circulate to check their progress.

**Interactive CD with Student Books**

Each Student Book is accompanied by an interactive CD. There are nine Topics in the CD which are based on the units taught in the textbook. Additional stories and activities are also included in the CD, which will help students to revise and learn the concepts taught in class.

**Notes on Assessment**

During the lessons make mental notes on elements children find difficult so that they can return to the activity. The Student Books will provide a good record of their writing progress.

The Record Sheets at the end of the Teaching Guide can be photocopied and filled in for each child. The Assessment focuses on this are based on individual learning outcomes and the skills taught across each unit.
Lesson 1

Objectives
• To introduce English through children’s own names
• To introduce the English alphabet

Resources
• Resource sheet 1: Before the lesson photocopy the sheet on card and write each of the children’s names (and your own name) in upper and lower case, e.g. Azra. Cut out the name labels. They can be attached with safety pins to clothing or with string around their wrists. Alternatively use sticky labels.
• My alphabet wallchart
• Student Books

Starter (5 minutes)
1. Give the children their name labels, explaining that their names are written using English letters.

Whole class (15 minutes)
1. Show the children your name label, slowly reading and pointing at the letters from left to right.
2. Tell them that they are going to begin to learn the English letters that make up their names.
3. Tell them that all the letters are in the English alphabet and each letter makes a sound. Introduce the, My alphabet wallchart if they are unfamiliar with it.
4. Can children find the first letter of their names on the alphabet wallchart? Start with yours, and then encourage individuals to find their initial letter on the wallchart in front of the class. To help, write their first letter on the board for easy reference, and for the rest of the class to see.

Individual work (15 minutes)
1. Give the children their Student Books and encourage them to attempt writing their name on page iii, using their name labels to help them. (This can be completed in a later lesson if necessary.)

Review (5 minutes)
Ask children to find their initial letter on the alphabet wallchart. Identify the picture that goes with their initial letter on the chart.

Assessment
Note children’s familiarity with the English alphabet.
Note children’s ability to hold a pencil correctly in their attempt to write their name in the Student Book.
Do the children attempt to write their names from left to right?
Lesson 2

Objectives
• To introduce the English alphabet through song
• To explain that letters have names and sounds

Resources
• My alphabet wallchart
• CD: My alphabet song, Topic 1 or lyrics (Resource sheet 2)

Starter (5 minutes)
1. Re-introduce the alphabet wallchart.
2. Ask the children to listen to the alphabet song or sing it to them yourself. Point to each relevant letter throughout.

Whole class (15 minutes)
1. Play the song again, encouraging the children to join in as best they can, praising their efforts.
2. Explain how each letter has both a name and a sound. Give examples: Point to Bb and say: *This is b and makes the sound /b/ as in ‘b-all’*. *This is c and makes the sound /c/ as in ‘c-at’.*
3. Point to some of your examples and challenge children to remember the letter and sound.

Group and individual work (15 minutes)
1. Help the children to find pages 2–5 in their Student Books. Ask them to work in small groups to share the alphabet. Encourage them to try to remember any of the letters and sounds.
2. Individual children can complete Activity 1 in class or as homework. Ensure they understand the instructions.

Review (5 minutes)

Whole class (20 minutes)
1. When the children have finished guessing, say: I am a lion!
2. Encourage children to take turns to choose any animal, mime that animal to the class, and ask: What am I? and then to say: I am a/an … after they have finished guessing.
3. Write the children’s sentences on the board, emphasising the words ‘a’ and ‘an’ and reminding them of how only a, e, i, o, and u words have ‘an’ before them.

Individual work (10 minutes)
1. Ask the children to complete Activity 44.
2. If time, children can draw an animal and add a speech bubble. In the speech bubble they can complete the sentence: I am … (e.g. I am an elephant/I am a duck).

Review (5 minutes)
Finish by writing ‘It ia _____ jug.’ and ‘It is _____ umbrella.’ on the board. Can the children choose ‘a’ or ‘an’ to complete the sentences?

Lesson 55

Objectives
• To introduce new vocabulary
• To practise letter recognition and blending to spell, write, and read simple names and words

Resources
• Student Books
• CD: Reading together, Topic 5
• Upper case and lower case letters from Resource sheets 17 and 18
• Paper and pencils or pens

Starter (5 minutes)
1. Help the children to turn to page 70 of their Student Books.
2. Remind them of what they learned in Unit 11 and how words beginning with a, e, i, o, and u use ‘an’, while words with other initial letters use ‘a’. Write ‘an ox’ and ‘a cat’ on the board as examples. Look at page 70 together as a class.

Whole class (20 minutes)
1. Talk about labels in pictures and how they give us information about a picture or an object. Look together at page 70 of the Student Book. Explain that the labels tell us the names of the children. Copy ‘Dan and Ben’ on the board. Sound out D-a-n then blend to read ‘Dan’. Repeat for ‘and’, then ‘Ben’.
2. Encourage volunteers to sound out and blend the rest of the names on this page.
3. Play Topic 5 on the CD.

Group work (10 minutes)
1. Working in pairs, the children can help each other to sound out the sentences at the bottom of page 70 in the Student Books. Help them to read the tricky words ‘boys’ and ‘girls’ because the sounds /oy/ and /ur/ will not be familiar to them.
2. Give sets of upper and lower case letters from Resource sheets 17 and 18 to groups of children to make up their own names for children or pets. Faster-working children could draw a child or pet and write their name below.

Review (5 minutes)
Ask children to share the names they have written with the class – sounding and blending the letters.

Assessment
Do the children remember the letter sounds?
Are the children able to blend the letter sounds to read the names?
Do the children’s made-up names show an understanding of letter sounds?
Do their names begin with an upper case letter?
Lesson 56

Objectives
• To revise ‘a’ and ‘an’,
• To explain how to add ‘s’ to make plural words
• To practise spellings
• To help children write labels

Resources
• Student Books
• Three dolls or toys
• CD: Reading together, Topic 5

Starter (5 minutes)
1. Talk about signs and labels they see in shops. Can they think of any examples?
2. Turn to Activity 45 of their Student Books and explain that they will finish writing the labels for the toy shop later in the lesson.

Whole class (20 minutes)
1. Help the children to return to Unit 11 of their Student Books.
2. Remind them of Unit 11 and how words beginning with a, e, i, o, and u use ‘an’, while words with other initial letters use ‘a’. Write ‘an egg’ and ‘a cat’ on the board as examples. Look at page 71 together as a class.
3. Remind the children that ‘a’ or ‘an’ means there is one of the items that it refers to, e.g. ‘a doll’ means there is ‘one doll’.
4. Explain that we add ‘s’ to words if there is more than one. For example, write on the board: 2 dolls. Sound out the word, emphasising the /s/ (d-o-ll-s)
5. Hold a quiz. Write on the board: a dog; 2 dog; 3 cat; a cat. Ask: Which of these words should have an ‘s’ added at the end? (2 dogs; 3 cats)
6. Play Topic 5 on the CD.

Individual work (10 minutes)
1. Individual children work on Activity 45 to complete the labels. Ensure the children understand the instructions.
2. Faster-working children can attempt to write labels for items in the classroom, such as ‘a cup’, ‘a pen’, ‘a peg’, etc.

Review (5 minutes)
Write three-letter words, such as egg, ball, bat, and ink on the board. Ask volunteers to add ‘a’ or ‘an’.
Write a shopping list on the board, such as: 1 egg, 2 yam, 4 apple. Ask volunteers to add the missing ‘s’ to the correct words.

Assessment
Do the children complete the labels accurately with ‘a’, ‘an’, and ‘s’?
Do they form the letters correctly?
Lesson 57

Objectives
- To practise spelling and writing familiar vocabulary
- To revise simple vocabulary

Resources
- Picture cards: cat, rat, bat, fox, mum, tin, hen
- Puppet or character from Resource sheet 7
- Pens or pencils and cards

Starter (5 minutes)
1. Introduce the soft toy or character and give it a name. Tell the children that you are going to teach the character or soft toy to spell.

Whole class (20 minutes)
1. Show the picture card for a cat and ask what it is. Prompt if necessary, then encourage the children to help you to show the character how to spell ‘cat’. Support the children in sounding out the letters (c-a-t) as you write the word on the board.
2. Show the picture card for a rat and ask what it is. Point out how it rhymes with ‘cat’. Encourage the children to help you to show the character how to spell ‘rat’. Support the children in sounding out the letters as you write the word on the board.
3. Show the picture card for a bat and ask what it is. Point out how it rhymes with ‘cat’ and ‘rat’. Encourage the children to help you to show the character how to spell ‘bat’. Support the children in sounding out the letters as you write the word on the board.
4. Repeat with other picture cards using different letter endings, such as ox, fox. Praise their efforts and ensure the character or soft toy thanks the children.

Individual and group work (10 minutes)
1. Provide children with cards and pens or pencils and ask them to write labels for an imaginary pet shop. Each label must have a correctly spelt animal word.
2. Pictures could be attached to the labels for role-play in a pet shop at a later date.

Review (5 minutes)
Show picture cards in random order and ask the children to spell out each word as you write it on the board.

Assessment
Do the children remember spellings? Can they match the correct letters to sounds?
Can they write legible labels?
Are they able to recognize rhyming words?
Lesson 58

Objectives

• To introduce high-frequency tricky words: go, to, the
• To extend vocabulary
• To help children complete, write, and read captions

Resources
• A soft toy
• Resource sheet 19: Before the lesson photocopy on card and cut out to make two different sets of high frequency words
• Student Books

Starter (5 minutes)
1. Tell the children that they are going learn how to write labels that describe pictures.
2. Explain that to do this they will need to learn some little words that will be very useful.

Whole class (15 minutes)
1. Write the following words on the board in a list: and, on, at, in, the. Ask volunteers to sound them out and blend to read them. Point out that ‘the’ is a tricky word because the three letters make different sounds from those they have learnt.
2. Write the following captions on the board:
   - a cat and a dog on the box
   - Mum at the zoo
   - a rat in the pan
   - an ox and a yak at the farm
3. Help the children to blend the letters in each word and read the captions.
4. Write the heading: ‘Tricky words’ on the board and beneath in a list write: the, go, to. Explain that some of the letters sound different from the sounds they have learnt, e.g. ‘o’ in ‘go’; ‘o’ in ‘to’; ‘t’ ‘h’ and ‘e’ in ‘the’. Encourage the children to read the words as you point to each in turn.
5. Verbally give examples of commands using ‘go’, ‘to’, and ‘the’, e.g. Go to the back! Go to the board! Go to the bookshelf! Go to the door! The children can have fun racing to carry out your commands.

Group work (15 minutes)
1. The children read the captions and point to the pictures, working in pairs.

Review (5 minutes)
Play Bingo: Give each of the children a high-frequency word card from Resource sheet 19. Call out the high-frequency words one at a time, pausing between each. When the children find a word on their sheet, they tick it. The first person to tick all their words is the winner. Check the winner’s sheet.
Assessment
Are the children able to sound out and blend in order to read high frequency words?
Do they recognize the tricky words on their Bingo sheet when they are called out?
Can they form letters accurately?
Can they read and understand the activity captions?

• Pens or pencils and cards
• CD: Can you read alone? Topic 6

Starter (5 minutes)
1. Talk about stories the children have read. How did they begin and how did they end?

Whole class (20 minutes)
1. Ask the children to open their books at page 76. Work through the illustrations, holding up each picture from Resource sheet 20 in order. Alternatively, the children can look at the illustrations in their books. Talk about what is happening. Ensure the children understand the meaning of ‘under’, ‘on’, ‘up’, and ‘in’.
2. Encourage the children to help you to work out words as you read the story of Fluff. After you and the children have read each word in a sentence, ask a volunteer to read the whole sentence. Encourage the children to read with expression to make the story sound exciting.
3. Check the children’s understanding of the story by asking questions, such as:
   - What is under the tree?
   - Where is Dad?
   - Where is Fluff?
4. Talk about why ‘ALL’ is in upper case. (for emphasis)

Individual and paired work (10 minutes)

Whole class (15 minutes)
1. Point to the ‘ll’ in ‘yell’ and ask if they can think of any other words with an ‘ll’ (e.g. ball, bell, bull, hill, bill, fall, full, pull, hull).
2. Show the children how we can make ‘bell’ and ‘ball’ using letters from each column of those on the board. If appropriate introduce new vocabulary.

**Individual work (15 minutes)**

1. The children work individually to complete Activity 48. Ensure the children understand the instructions.
2. Ask the children to work in pairs to prepare a reading of the story. The children could simply mime the child, bee, dragon, and snake, each calling out its sound (buzz, puff, hiss; the boy could yell ‘Help!’).

**Review (5 minutes)**

Let the children review each other’s performances of the boy being chased by the bee, dragon and snake. Children can join in calling out buzz, puff, hiss, and help.

1. Tell the children that just as ‘Dock’ and ‘clock’ rhyme, there are many other rhyming words that are fun to put together.
2. Write the words ‘sun’, ‘bun’, and ‘run’ on the board in a list. For each word, ask the children to help you segment the words by putting a finger up for each letter (s-u-n, b-u-n, r-u-n) and then blend.
3. Add the word ‘cap’ to the bottom of the list and encourage the children to do the same.
4. Can the children read the list of words quickly? Ask: Which word sounds like the odd one out? Prompt with emphasis on the rhyming words and point to the different end spelling of ‘cap’.
