to empower learning!

My E-Mate

At Oxford University Press Pakistan, we understand the profound impact that school textbooks have on education across different markets. Our commitment to providing high-quality educational resources is unwavering, and we are continuously adapting to meet the diverse needs of students and educators in Pakistan.

In today's rapidly evolving educational landscape, blended learning has become essential. By combining traditional textbooks with digital resources, we are enhancing the learning experience and making education more accessible and engaging. Our much beloved series have been upgraded to a blended approach with a comprehensive amalgamation of print and digital. Our students are digital natives and blended learning is the need of the hour.

One of our key initiatives in this area is the use of Oxford Extend. This platform offers a wealth of digital resources that complement our textbooks, including interactive exercises, multimedia content, and assessment tools. Students can watch educational videos that explain complex concepts, participate in virtual labs to conduct experiments, and use online quizzes to test their understanding in real-time. These resources not only reinforce the material covered in textbooks but also provide opportunities for hands-on learning and immediate feedback.

Additionally, our books are aligned with the Pakistan National Curriculum and have received NOCs from relevant textbook boards. Our resources, aligned to the foreign boards have received NOCs according to the relevant curricula. This ensures that students get the maximum benefit from using approved learning resource materials, providing them with a consistent and high-quality educational experience.

We are proud to be at the forefront of educational innovation, and we remain dedicated to supporting educators and learners in achieving their full potential. Thank you for visiting our website, and we look forward to continuing our journey together.

Arshad Saeed Husain

English Courses

First Steps to Early Years English

For Pre-Primary Classes
Ages 2.5 to 5.5 years

LIZ MILES

First Steps to Early Years is a pre-primary series that brings fun into learning English. It follows phonic-based learning, and focuses on developing letter recognition, handwriting, and language acquisition through vocabulary development. Reading is developed by sounding out and blending letters and graphemes. Varied activities include tracing, word searches, grouping, and linking word families, puzzles, rhymes, mazes, and maps.

My Learning Train

World of Letters

For Pre-Primary Classes
Ages 2.5 to 5.5 years

My Learning Train is a comprehensive, activity-based preschool series comprising three levels—Pre-Nursery, Nursery, and Kindergarten.

The books are in complete accordance to the latest curriculum reforms by the Government of Pakistan. They use activities to enable the development listening, speaking, reading, writing skills for clear communication. For reading, a combination of two methods—phonics and whole (sight) word reading—has been used in the book. In addition to the speaking and comprehension activities in the book, flash cards have been included at the end of the book.

Alphabet Fun

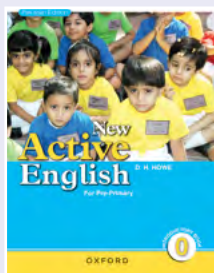

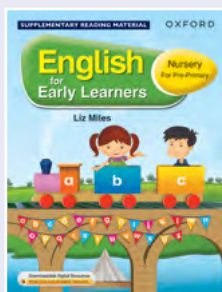

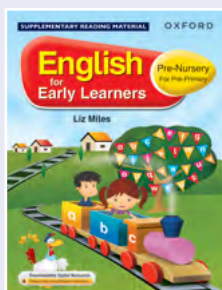

For Pre-Primary

The *Alphabet Fun* series, for Pre-Nursery, Nursery and Kindergarten, has been especially designed to enhance children's vocabulary through pictures, and letter and word recognition. Fun activities at the end of each book provide reinforcement of letter and word recognition, along with the correct alphabetical order and writing practice to make it easier for children to remember all they have learned. These unique books offer teachers the flexibility to instruct students using both the traditional and the phonic approaches. A combined Teaching Guide accompanies books for each level, along with flash cards and wallcharts.

English for Early Learners

For Pre-Primary Classes
Ages 2.5 to 5.5 years

LIZ MILES

English for Early Learners is a pre-primary series that offers a wide variety of stimulating and enjoyable activities to develop listening, speaking, reading, and writing skills. This phonic-based programme provides an effective introduction to the English language, and follows the Pakistan and English National Curricula. Fun-packed, illustrated activities include colouring, tracing, join-the-dots, counting, nursery rhymes, recognizing simple letters, shapes, etc.

Teachers' Resource pack contains:

- Teaching Guides that include objectives, lesson plans, assessment ideas, and photocopiable resources
- Flashcards
- Wallcharts

New Active English

For Pre-Primary and Classes 1 to 5

D. H. HOWE

New Active English is especially designed and written for Pakistani children for use in primary classes.

Language structures and vocabulary are introduced at a pace which young children can follow easily. The attractive and varied presentation, with a functional use of colour, provides further incentive to early learning. A set of Teachers' Notes is also available.

Open Door English

For Classes 1 to 5

ELEANOR WATTS AND CHRIS JACQUES

Open Door English is a lively, carefully-graded series to develop skills and attitudes necessary for life in the 21st century.

READING SKILLS

- Each teaching unit begins with a stimulating reading text in a variety of fiction, non-fiction, and poetry genres
- Examples of target vocabulary, and grammar are contextualized in the reading texts

LANGUAGE SKILLS

- 'Wise owl' boxes teach the rules in child-friendly language

COMMUNICATION SKILLS

- Speaking and listening tasks for verbal fluency in English
- The audio-recording on My E-Mate provides a correct model of pronunciation for all texts, spellings, and listening tasks

WRITING SKILLS

- All the learning of a unit comes together in the composition task, which supports individual expression with clear writing frames

LIFE SKILLS

- Every unit fosters curiosity, critical thinking, responsibility, co-operation, and creativity

REVISION

- Every fifth unit revises all the skills taught in the previous four units

COMPONENTS FOR EACH LEVEL

- Textbook with reading texts, language, and composition work
- Workbook with handwriting and consolidation of the Textbook
- Teaching Guide including photo-copiable revision tests
- My E-Mate audio-recordings to be used in class and at home
- My E-Mate interactive exercises for online practice
- My E-mate companion website: <http://myemate.com.pk>

Oxford Progressive English

SECOND EDITION

For Classes 6 to 8

RACHEL REDFORD

Over the last fifteen years, *Oxford Progressive English* has enjoyed huge success as a wholly reliable resource for both language acquisition and in preparing students for the Matriculation Exams and Cambridge O Level examinations (CAIE).

NEW EDITION:

- Books 6, 7, and 8 have now been re-written and re-designed for today's changed and changing world.
- The Reading, Writing, Listening, and Discussion tasks in Book 7 have been written specifically to prepare students for CAIE O Level examinations and include some explicit reference to the CAIE syllabus.
- Revised and re-written Teaching Guide for each Book.

NEW FEATURES

- Over 30 brilliant new lively texts cover varied issues and topics from across the world with a focus on Pakistan and the United Kingdom.
- Questions test an increasing level of close reading and critical thought.
- To build and extend students' word power, the new Word Power logo highlights language with words and expressions followed by guided practice tasks illustrating their usage.
- Listening in which teachers read text to students now concludes each Unit. The speaking elements encourage expression of structured ideas and opinions.
- Extensive revision and testing are provided by Let's Revise, and move this with the line above Test Yourself which concludes each Unit with a test for spelling and meaning.

Oxford International Lower Secondary English

Previously known as Oxford English:
An International Approach

For Classes 6 to 8

**ALISON BARBER, RACHEL REDFORD,
PATRICIA MERTIN, MARK SAUNDERS,
EMMA DANIHEL, EVE SULLIVAN**

Oxford International Lower Secondary English teaches students the skills they need to become confident communicators. This three-level lower secondary series will provide students with a strong grasp of English language and literature, vocabulary and grammar. Students will discover the joy of learning through engaging with a range of diverse texts from all over the world. There are speaking and listening opportunities throughout and a wide variety of writing and performance activities.

FEATURES

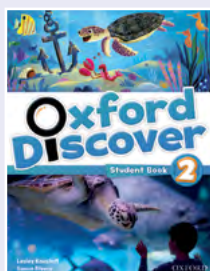

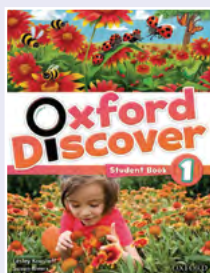

- Enquiry-based approach encourages learner agency and active collaboration
- Students explore global themes, asking big questions and making connections
- Differentiated levels of comprehension questions support assessment of student understanding
- Language tips explain key grammar points
- Word origin boxes make connections across languages and build vocabulary
- Student-friendly learning objectives allow students to take charge of their learning
- Comprehensive Teacher's Guides with lesson guidance and additional ideas for teaching
- The digital subscription includes interactive Online Books with audio, videos, activity sheets and online quizzes; comprehensive assessment; planning and parent support
- The books address the requirements of CAIE (Cambridge) updated examination syllabus to give a heads-up to students who wish to take up O Levels in higher grades
- The books are curriculum agnostic and will be featured as prime features of Oxford International Curriculum

New Broadway

A Multi-Skill Course in English

For Pre-Primary and Classes 1 to 8

Series Editor: **PAUL GUNASHEKAR**

Broadway is a complete course in English. Based on sound language learning principles, it has been designed to cater for the learners' linguistic and communicative needs. A major objective of this multi-skill course is to provide a rich reading experience through a combination of stories, folktales, fables, plays, interviews, biographies, and autobiographical texts. A delightful selection of contemporary poems adds flavour to the content. The texts are carefully graded, and both simple and challenging tasks have been included for use in mixed-ability classes. An attractive layout and colourful illustrations add to the visual appeal of the package. The series has been aligned Pakistan National Curriculum.

THE LANGUAGE TEACHING TASKS FOCUS ON:

- Reading for fact, inference, and personal reflection
- Words with multiple meanings and context-specific meaning
- Grammatical correctness and situational appropriateness
- Writing for functional, personalized, and imaginative purposes
- Listening for detail and overall meaning
- Speaking with accuracy and fluency
- Study strategies, such as using the dictionary

Broadway is a complete course in English. Based on sound language learning principles, it has been designed to meet the learners' linguistic and communicative needs.

The Workbook is a vital resource for students using the Broadway series. It has three functions: a curricular complement to the Coursebook, a language practice book, and an examination aid. It demonstrates the value of meaningful support materials in the language classroom.

THE WORKBOOK INCLUDES:

- Short, engaging texts that provide practice in reading for fact, implication, and personal reflection
- Vocabulary tasks that explore different aspects of word use
- Grammar activities that consolidate the learning of structural items introduced in the Coursebook
- Writing tasks that promote the production of both functional and imaginative texts
- Two written tests and an examination paper that offer samples of revision and models of formal assessment

Oxford Reading Tree (ORT)

A guide for teaching children who are learning English

Ages 4 to 12 years

Oxford Reading Tree is one of the most popular reading schemes in the world. It is highly successful because children love the characters and enjoy reading about them.

Each book in the scheme tells a complete story. Young children can remember a simple story told in natural sounding language even if they cannot read separate words or letters yet.

Oxford Reading Tree is divided into stages (Levels 1 to 9). You can easily identify each stage by the colour on its cover. As children progress to each new stage, the number of words and the difficulty of the sentences in the stories gradually increase. Stage 1 teaches important pre-reading skills. Levels 1+ to 5 introduce specific reading skills which are developed as children progress through Levels 6 to 11 to become fluent and confident readers. *TreeTops* extends it for 7 to 11 year-olds. Children learning English may take one or two years to complete Levels 1 to 5.

Oxford Reading Tree gives children the very best start in phonics and gets them on to richer reading with the help of the following:

- A systematic phonics teaching programme with resources and training which really work
- More decodable readers than any other reading programme
- A unique bridge from phonics to richer reading
- Over 300 stories with children's best-loved characters
- Levelling you can trust so every child becomes a confident reader

All books have received NOCs!

Floppy's Phonics Sounds and Letters

The all-new *Floppy's Phonics Sounds and Letters* offers a complete set of resources to teach and practise phonics

Floppy's Phonics has been developed by the phonics expert Debbie Hepplewhite for early reading success!

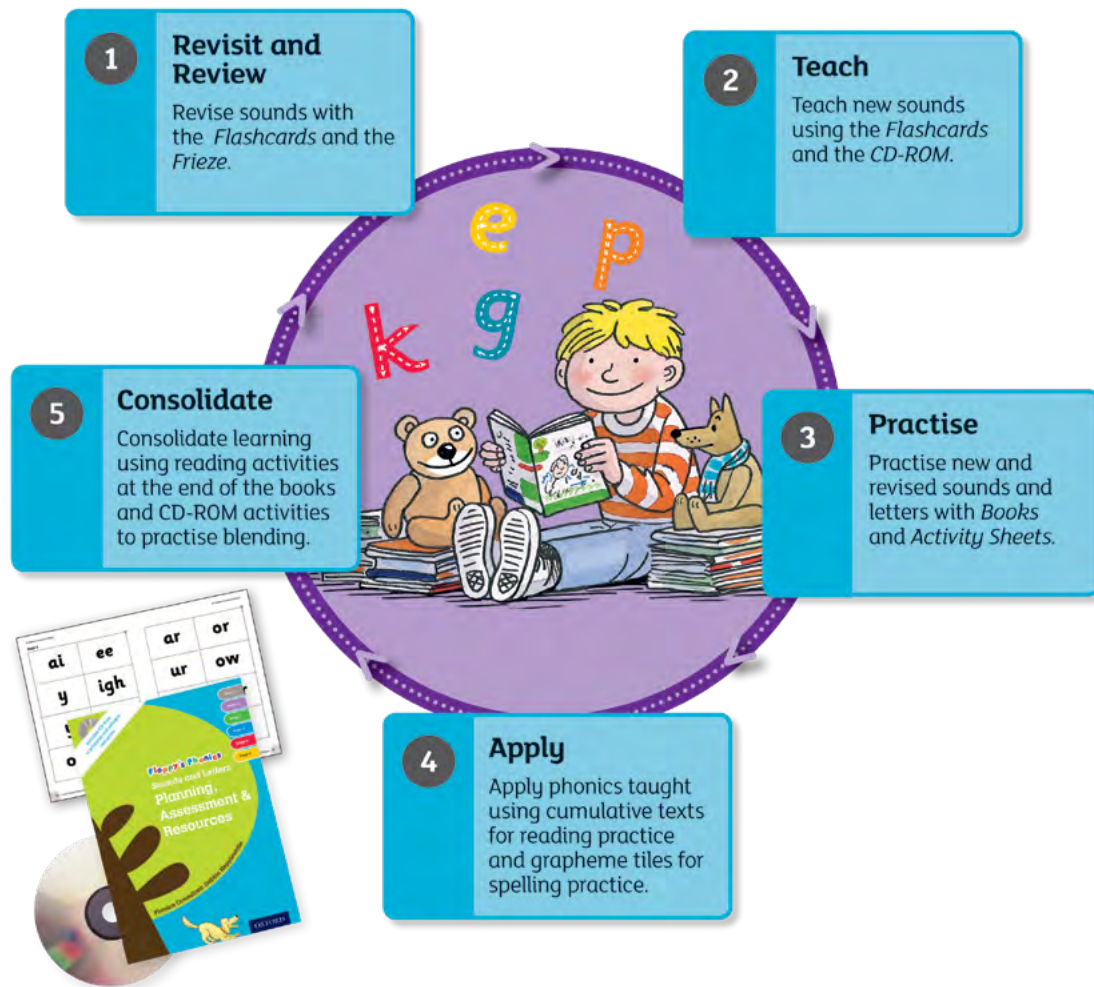

- Step-by-step phonics teaching and practice, fully matched to Letters and Sounds
- Well-structured and carefully paced, with built-in revision to prepare children for reading language-rich stories

Use all these resources, along with the recommended teaching sequence for phonics success.

- 42 books at Levels 1–5, perfectly matched to Letters and Sounds
- Phases 1–5 present the sounds and graphemes in the context of familiar Oxford Reading Tree scenes

Level 1

WORDLESS BOOKS

- Focus on environmental sounds
- Support Phase 1 and develop talk

Levels 1+ and 2

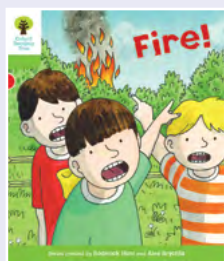

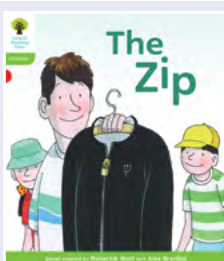

- Sound out sounds and graphemes
- Learn consonants, e.g. 'ch' with introduction of words such as 'chick'

Levels 3 and 4

- Introduce long vowel graphemes
- Use Level 4 to revise, blend, and stretch sounds

Level 5

- Learn alternative spellings and pronunciations for various sounds learned

Floppy's Phonics Fiction & Non-Fiction

Levels 1+ to 6

- Engaging stories for children to practise their phonics skills with Biff, Chip, Kipper, and Floppy
- Fully matched to Letters and Sounds
- Free Group/Guided Reading Notes with every pack to help get the most out of the phonics teaching
- 42 colourful non-fiction books support the systematic learning of Letters and Sounds, helping children to read whole words
- Practise sounds and graphemes from Phase 2 of Letters and Sounds, as well as Phase 2 high frequency, tricky words
- Practise alternative spellings from Phase 5 of Letters and Sounds, as well as high frequency, tricky words

Biff, Chip and Kipper Stories

Decode and Develop

Levels 1 to 9

- Stories to support the transition from Floppy's Phonics to the rich world of *Biff, Chip and Kipper Stories*
- Fun character stories with familiar settings, real-life scenarios, and humorous illustrations
- Designed to practice decoding skills and start to develop broad rich language skills, these are a genuine bridge from phonics to richer reading
- Aligned to Letters and Sounds
- Inside cover notes offer support in decoding, tackling tricky words, and developing children's language comprehension

Flashcards (A4)

Teach and revise sounds and graphemes, perfect size for whole class use.

- Teach and revise sounds and graphemes
- Hear sounds in and out of context
- Demonstrate and practise skills with simple activities

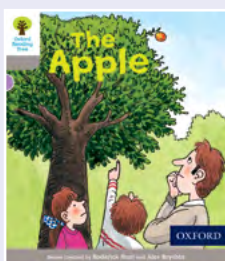

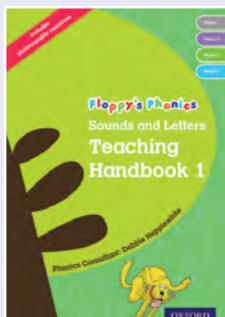

TEACHING HANDBOOKS

The Teaching Handbooks are straightforward guides to the programme packed with photocopiable resources. They include:

- Step-by-step guidance for each phonics session
- A bank of additional activities for each stage of Floppy's Phonics Sounds and Letters
- Photocopiable resources

ACTIVITY SHEETS

Children can practise their reading and writing skills through activities such as letter-tracing, saying the sound and key word, blending to read words, writing the grapheme, orally segmenting words, and gradually progressing to reading and writing simple sentences.

The Storybooks

Before starting *The storybooks*, it is very important that the *Oxford Reading Tree* characters are introduced to the children using the Flopover Book. This will capture their interest and familiarize them with new vocabulary. Children will then progress up the trunk of the reading tree, moving on to each new stage as they gain confidence and fluency.

VOCABULARY IN OXFORD READING TREE

A core vocabulary is used and repeated in the stories to build confidence and reading fluency. There are 'key' words for each stage, including high frequency words that the children should learn as part of their sight vocabulary, for example, 'the', 'and', 'he'. The stories also contain context words that can usually be guessed from the pictures, for example, 'cornflakes', 'party', 'dinner'. Vocabulary lists are given in the teaching notes.

Biff, Chip and Kipper Stories

Level 1

There are 12 picture storybooks at Level 1 without any words. These will help the children understand that stories have a beginning, a middle and an end, and that books in English are written from left to right. All the books in Level 1 are based on familiar experiences such as getting up, family life, and going to school. The pictures and familiar context make it easy to explain unfamiliar words and talk about the stories in the children's own language.

WORDLESS STORIES

These stories introduce the characters and children learn that the pictures tell a story, where a story begins, and how to turn the pages.

FIRST WORDS

First Words contain a few simple words closely linked to the illustrations. This is excellent for beginners of English as they will be encouraged to read the words they recognize.

Level 1+

Level 1+ stories have one line of text per illustration. Within this stage there are Patterned Stories and First Sentences. It is suggested that the books in Level 1+ are read in the order shown in the box.

FIRST SENTENCES

1+ First Sentences focus on whole sentences to draw children's attention to full stops and capital letters.

Level 2

Level 2 consists of Level 2 Patterned Stories, Level 2 First Phonics, and Level 2 Stories. It is suggested that the books in Level 2 are read in the order below.

STORIES

These stories introduce a wider vocabulary and develop children's understanding of the main characters. They help develop the skills of word recognition, relating illustrations to text, sequencing, prediction, story structure, and oral language skills.

Reading
Tree**

**Biff, Chip and
Kipper Stories**

Biff, Chip and Kipper **Classic stories** **Look Inside**

Lower levels support speaking and listening skills through prediction then move on to focus on high-frequency words and sentences.

Children can relate to the experiences – perfect for fuelling talk!

Oxford Level 1, Wordless Stories – *The Haircut*

Wordless stories introduce children to reading

Detailed illustrations add to every story

Packed full of humour and detail to engage every child

He put in cornflakes.

He put in tomato sauce.

Biff, Chip and Kipper Classic stories Look Inside

Characters find the magic key at Level 5 which opens the door to fantasy adventures

At higher levels reading and comprehension broaden as the stories move into fantasy worlds.

Language-rich stories with exciting plots

A key was in the box. The key was glowing.

"It's a magic key," said Biff. She picked up the key and the magic began.

Oxford Level 5, *The Magic Key*

Inside cover notes

- Support parents with their children's reading at home
- Perfect for teaching assistants
- Full of suggestions for talk before, during and after reading
- Support for phonics at the lower stages

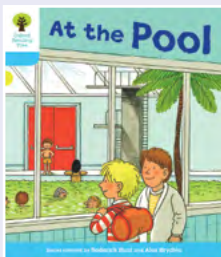

Inside cover notes – example

Companions

- Packed full of activities, facts, games and ideas for having fun with *Biff, Chip, Kipper and Floppy*
- Encourage talk

Biff, Chip and Kipper
Companion

Level 3

Level 3 consists of Level 3 First Phonics and Level 3 Stories. It is suggested that the books in Level 3 are read in the order below.

STORIES

These are slightly longer than the stories at Level 2 and have longer sentences on each page. They provide opportunities to talk and ask questions about the stories, which is vitally important in increasing the children's understanding and vocabulary. The children's first language can still be used as necessary.

Becoming Fluent

Levels 4 and 5

Level 4

The stories at this stage are slightly longer, with more words. Six of the storybooks are numbered and should be read in order because they lead on to the books in Level 5. They are also graded according to difficulty and length. The emphasis on talking and questioning should be maintained.

Level 5

The stories begin to move away from familiar settings and into the world of fantasy. *The Magic Key*, found at Level 4, is used to transport the characters into adventures. These are extremely popular with children, and often provide the starting point for their own writing. Six of the books in Level 5 are numbered and should be read in order. By now the children will be emerging as independent readers. They will have a good sight vocabulary of just over 100 words, and will be able to decode words and use the illustrations to extract meaning from the text.

Level 3

Stories Mixed Pack of 6

Towards Independence

LEVELS 6 TO 9

Level 6

These stories involve the children in familiar situations and a variety of fantasy settings through the magic key adventures.

Level 7

These stories involve the children in familiar situations and a variety of fantasy settings through the magic key adventures. Longer stories help to build reading stamina which is important for later reading success.

Level 8

These stories in Level 8 continue to provide a mix of fantasy settings and familiar situations. More complex sentences develop stamina, ensuring that readers will be able to progress to more demanding texts with confidence.

Level 9

The stories in Level 9 continue to provide a mix of fantasy settings and familiar situations. More complex sentences with conceptually more challenging storylines develop stamina, ensuring that readers will be able to progress to more demanding texts with confidence.

The Essential Reader

Stories from Pakistan

This collection, especially compiled for O level and higher secondary students, introduces contemporary creative writing in English as well as translations from Urdu and Sindhi into English. The students will find a rich variety of styles, ranging from the irreverence evoked by folk humour to the subtleties of writings from the Pakistani diaspora. The selection falls into two separate sections dictated by the choice of language; yet interestingly, common themes of nostalgia, archetypal journeys, and severance from one's roots recur with a regularity that cannot be put down to mere coincidence.

A coach for
children and
a friend to
teachers

Oxford Reading Buddy

A new digital reading service to help every child develop key comprehension skills

Oxford Reading Buddy is a digital reading service that supports each child's personal reading journey, motivates them to succeed, and provides teachers with valuable insights into their attainment and development. It is an easy to use and fully optimised digital platform that can be embedded into literacy lessons in order to seamlessly support independent reading.

- Coaching eBooks that are accompanied by a personalised 'Reading Buddy' who models key comprehension strategies, supporting children as they read
- An extensive eBook library, accessible offline via an easy-to-use app, with hundreds of eBooks
- Comprehension quizzes that are carefully matched to each
- Progression for every child that is underpinned by the expertly devised Oxford Levels system, ensuring every child is reading at the appropriate level for their needs
- Detailed progress reports and data to support teachers with insights into each child's attainment and reading development
- An in-built reward system, where children gain badges as they progress in their reading, building motivation into every step of their reading journey

Oxford Reading Buddy

Give every child a virtual reading coach with **Oxford Reading Buddy** – a unique new digital reading service that develops deeper comprehension skills and encourages children to read more! What's more, automatic progression and at-a-glance reporting saves you time.

1

Coaching eBooks

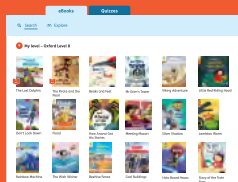

With the unique coaching eBooks, children can pick a reading buddy to coach them in key comprehension strategies, ask them questions to probe understanding and give them tailored feedback to extend their learning.

2

eBook Library

eBooks from the Dragonfly Readers series provide practice and consolidation. The eBooks are automatically allocated to children based on their Oxford Level, and quizzes at the end of each eBook assess comprehension skills and send feedback to the teacher.

3

Quizzes

You'll find quizzes for every eBook. The quiz scores prompt a child's progression and provide performance feedback.

She can see a mouse

- ☒ Fly ☒
- ☐ Cat ☐
- ☒ Mouse ☐

4

Automatic progression and Oxford Levels

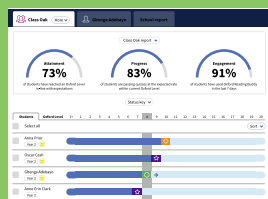

Using Oxford Levels to provide a reliable progression structure, **Oxford Reading Buddy** automatically moves children through their reading journey, ensuring they have a constant supply of books at the right level.

5

Reporting and data

Oxford Reading Buddy shows achievement against expectations, progress and engagement, plus performance against core comprehension skills.

6

Rewards and motivation

A research-based approach weaves in motivation at every step, including brilliant books; friendly, fun reading buddies; and collectable badges to direct good reading behaviours.

7

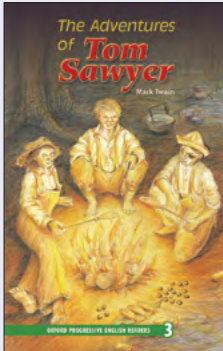

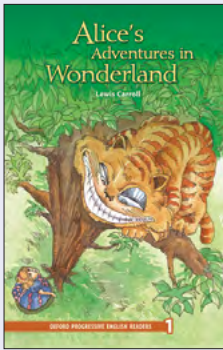

Home and school

Oxford Reading Buddy is perfect for use in school and at home, adding a new dimension to nurturing a love of reading.

English Handwriting and Spelling Books

Handwriting Skills Builder

NEW

For Pre-Primary and Classes 1 to 2

Handwriting Skills Builder is a specially designed course that nurtures the budding handwriting skills of young learners. The Pre-Nursery to Kindergarten books are tailored for children aged 2.5 to 5.5 who are embarking on their journey of letter writing. It focuses on children who will be writing letters for the first time. It reinforces letter recognition and helps them learn the names of the letters and letter-sound associations. The book includes fun activities to keep them engaged. It offers a structured approach to develop a child's fine motor skills, starting from the earliest stage and leading to confident and legible handwriting. English Handwriting for Early Years is divided into three sections:

Section I: Patterns;

Section II: Letters; and phonics,

Section III: Worksheets and revision.

Section I helps the child master various patterns and basic shapes before diving into letter formation. Section II helps the practice forming letters repeatedly to achieve mastery moving forward. Section III focuses on beginning sounds and revision of previously covered work.

English Handwriting for Pre-Nursery to Kindergarten provides:

- beginning sounds of objects phonics with handwriting practice
- worksheets which help the child revise their phonetics
- numerous pictures for the child to colour in
- ample practice of tracing letters and patterns reinforcement of spelling
- vocabulary words accompanied by the picture

Handwriting Skills Builder for Grades 1 and 2 is a strategically designed book covering concepts in a progression. They commence from simple to advanced level through carefully graded writing practice for children aged 6 to 7. The book helps develop critical learning and thinking abilities and provides practice of complicated concepts through frequent drilling exercises in a fun manner.

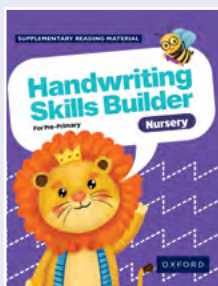

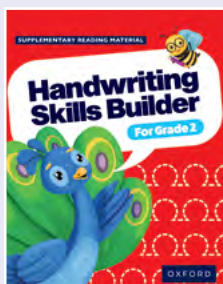

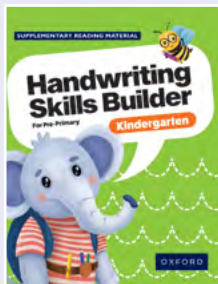

English Handwriting for Grades 1 and 2 provides:

- Practice for clear letter formation
- Mastery of writing numbers in words for precision
- Building a robust vocabulary foundation with sight words
- Expanding language skills through academic vocabulary words
- Practicing handwriting through sentence and essay writing exercises to foster clear and legible writing
- Integration of grammar exercises with handwriting for building a strong foundation in the language

Nelson Handwriting & Developing Skills

NEW EDITION

For Kindergarten & Pre-Primary to Class 6

Nelson Handwriting is a consistent whole-school handwriting scheme for Reception to Year 6/P1-7. It introduces cursive handwriting in step-by-step stages in line with the latest UK curricula.

- Provides clear guidance on developing a whole-school handwriting policy as required by Ofsted
- Develops children's personal handwriting style to ensure they meet the 'expected standard'
- Introduces letters in line with Letters and Sounds and includes pattern practice and motor skills work with three levels of differentiation
- Includes an online subscription with online teaching resources and photocopiable handwriting worksheets

Oxford School Shakespeare

For Classes 7 to O Level

Series Editor: **ROMA GILL**

Bringing Shakespeare to all your students!

Oxford School Shakespeare is a well-established series which helps students understand and enjoy Shakespeare's plays. All plays contain the complete, unabridged text, accompanied by clear and concise notes and illustrations.

The plays contain clear student's notes with detailed explanations of difficult words and passages, plot synopses, summaries of individual scenes and notes on the main characters. In addition, to a range of classroom activities, examination practice and background information on Elizabethan England are included to provide extra support for your planning.

An inspirational introduction to Shakespeare—in partnership with the Royal Shakespeare Company

RSC School Shakespeare

- Bring Shakespeare's plays vividly to life with the active and trusted approach from the Royal Shakespeare Company
- Images and activities based on real stage experience

An Anthology of English Poetry

For Classes 6 to 8

This selection of English poetry covers different periods in literature and is prescribed for middle school students (Classes 6 to 8) studying in O Level schools in Pakistan. This compilation is a result of intensive research and review of poetry currently being taught at this level.

This anthology will:

- Facilitate students to engage in literary appreciation
- Expose students to literary devices, such as imagery and symbolism, etc.
- Help students understand different genres in poetry
- Familiarize students with major poets of different eras, from Shakespeare to Auden

The poems have been carefully sequenced to provide variety in genre and style. Students and teachers reading this anthology will find it an enjoyable experience.

The Grammar Tree

SECOND EDITION

For Classes 1 to 8

The Grammar Tree Second Edition is the latest revised and updated edition of the series, based on user feedback.

KEY FEATURES

- Each grammar concept followed by a variety of exercises that include drills and context-based tasks
- Small, manageable units to help teachers and learners navigate through grammar concepts smoothly
- Revision and recapitulation of grammar topics
- Highlighting of exceptions to rules, common errors, and important points
- Focus on spelling, with word lists in Books 1 to 3
- Formative assessments to test learners' understanding of concepts throughout the school year
- A brand new 'End-of-Year Tests' section covering all the material taught in a year
- Comprehension chapters to foster reading skills and to show the use of grammar in context
- Composition chapters structured to help learners write independently in different formats

Oxford Discover Grammar

For Classes 1 to 6

ANGELA BUCKINGHAM, BRYAN STEPHENS

Oxford Discover Grammar presents grammar through context, guiding students as they discover meaning. It combines this guided discovery approach with extensive form-based practice, ensuring that students have all the knowledge they need to use English grammar confidently and accurately. Levels 1-6 of *Oxford Discover Grammar* contain:

- Student Book
- Class Activity
- Teacher Website

Use this series alongside *Oxford Discover*, or on its own to help your students improve their grammar.

Oxford Practice Grammar

UPDATED EDITION

For Basic, Intermediate, and Advanced A1–C2

**NORMAN COE, MARK HARRISON,
KEN PATERSON (BASIC)
JOHN EASTWOOD (INTERMEDIATE)
GEORGE YULE (ADVANCED)**

Refreshed with a new design, *Oxford Practice Grammar* is a three-level English grammar practice series for the classroom or self-study. Its tried and trusted methodology provides clear explanations and lots of extra practice.

Basic provides lots of practice and short explanations; Intermediate gives you more detail with extended practice; Advanced gives challenging practice activities and in-depth explanations.

KEY FEATURES

- Covers the grammar students need to know for international exams such as the Oxford Test of English, A2 Key - C2 Proficiency, IELTS and TOEFL
- Regular revision units and tests help learners focus on the grammar they need to practise most
- Downloadable progress tests available for each level
- Exit tests make sure learners are ready for the next level of Oxford

Practical English Usage

FOURTH EDITION

MICHAEL SWAN

Fully revised and updated, and now available online and in print.

Practical English Usage has sold over 2 million copies worldwide. Now revised and updated for the fourth edition, it answers the questions that teachers and learners ask about English grammar and vocabulary with clear, corpus-informed explanations and examples.

- Reflects changes in language use.
- NEW Organisation into two easy-to-use parts, making it quicker to find the information.
- NEW Also available online, including 87 diagnostic tests.

First Steps to Early Years Maths

For Pre-Primary Classes
Ages 2.5 to 5.5 years

AMNA MILTON

First Steps to Early Years Maths is a pre-primary mathematics series that makes the first basic concepts of learning Maths into a fun, enjoyable experience for young learners. Maths Book 1 is packed with fun colourful practice exercises to teach pre-writing skills, classification, counting, shapes, measurement, and colours. Maths Book 2 aims to develop logical and mathematical thinking skills at a basic level. Maths Book 3 takes the children to slightly more challenging levels of numeracy concepts: introducing multiplication, division, fractions, and counting till 100 in numbers.

As an aid to teachers the books include teacher's checklists to help gauge the understanding of children and Weekly Planning guides to help plan the topics through the course of the year. Also featured are guidelines for parents, and activities to do at home so that the child's learning continues from the school to home.

Number Fun

For Pre-Primary Classes
Ages 2 to 5 years

GWEN EVERINGHAM, NERYL FLOWERS

This series of three colouring books has been developed to help children recognise numbers at the pre-primary level. With easy and fun activities, the children are encouraged to colour the numbers. This association of colour and shape will improve their learning.

Number Songs

For Pre-Primary Classes
Ages 2 to 5 years

ZARA MUMTAZ

Number Songs is a number book, written and designed especially for very young children. Through a lively combination of media, colourful illustrations, poetry, rhyme, song, and music—it introduces children to the concept of numbers.

My Learning Train

World of Numbers

For Pre-Primary Classes
Ages 2.5 to 5.5 years

My Learning Train is a comprehensive, activity-based pre-school series comprising of three levels—Pre-nursery, Nursery, and Kindergarten. The series fully addresses the competencies and learning framework suggested by the latest curriculum reforms by the Government of Pakistan and uses the activities to introduce concepts and reinforce learning. Through focusing on inherent skill development and learning-by-doing, the series lays the foundation for lifelong learning and development in an enjoyable manner.

World of Numbers (*My Learning Train*) addresses the need to equip children with basic numeracy skills to create a strong foundation in mathematics. In keeping with the approach of the series, this book uses activities to facilitate the development of basic concepts of numeracy and the ability to think logically. The book familiarizes children with pre-number concepts and enables them to understand the symbol-value relation of numbers before introducing them to basic mathematical operations. The book includes stories and rhymes to engage children in the learning process. Flash cards, which appear at the end of the book, are a powerful teaching and learning tool that may be used for classroom drills, over and above the suggested activities.

SPECIAL FEATURES

- Flash Cards and Sticker Sheets included in the Student's Book to aid learning and reinforcing concepts
- Additional Worksheets Booklet for practising pre-number concepts and number values are also available with the book

Teaching Guides with all Student's Books aim to provide a holistic development of the young learners through providing comprehensive planners, activity banks, easy-to-make resources, and assessment strategies.

New Syllabus Pre-Primary Mathematics

Ages 2 to 6 years

MARKANDOO P., VICNESH KUMAR

This series of 12 workbooks is specially written for the pre-primary school pupils to build a solid foundation in mathematics. The basic building blocks of mathematical cognition, which are learned early in a child's development, include understanding numerical magnitude and the ability to manipulate symbolic and non-symbolic quantity are all embedded in the pre-primary set of books.

KEY FEATURES

- Step-by-step introduction of numbers with ample writing practice
- Application of mathematical concepts incorporated with real-life situations demonstrate the relevance of mathematics to daily life
- Games and puzzles create interest amongst the pupils and make learning fun and challenging
- Skills learned for each lesson are given at the bottom of each page
- Each level is accompanied by a detailed Teaching Guide with lesson plans to support teaching

Math Lab Activity Handbook

For Classes 1 to 5

The *Math Lab Activity Handbook* is a series of five books. Each book has ample activities that integrate with the learning outcomes and helps implement the CPA approach to make math learning fun: Math games, use of visual aids, and manipulatives/ real objects along with hands-on approach are the key features of this series.

It encourages the use of manipulatives by engaging students with the subject material in several ways. The hands-on engagement reinforces their knowledge, allows them to explore, and interact with the subject.

Involvement of students in practical activities individually, in a pair or a in group develops a deeper understanding of the mathematical concepts. All activities are based on the Concrete-Pictorial-Abstract approach.

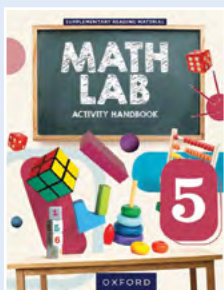

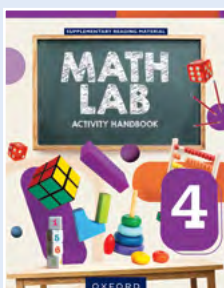

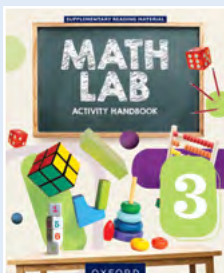

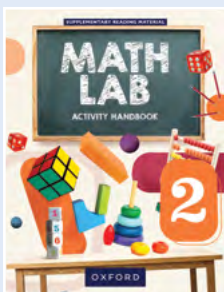

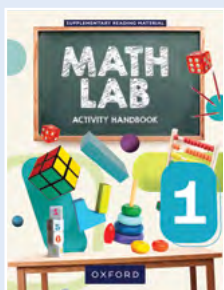

KEY FEATURES

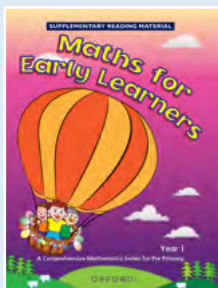

- External Resources at the end relate the series to other curricula aligned resources and weblinks for further reinforcement
- Key at the top of every page to guide the student and teacher at the beginning of every activity if – (i) it is individual, pair, or group work, (ii) manipulatives are needed, (iii) photocopying and cutting is required, or (iv) colouring is required

Maths for Early Learners

For Pre-Primary Classes
Ages 2.5 to 5.5 years

Maths for Early Learners is a complete series for pre-primary children, providing a strong base for mathematics before they enter primary classes. It starts with prewriting activities and goes on to number recognition from 1 to 100, tracing, and writing numbers from 1 to 50. Children also learn to recognise colours, identify patterns, compare objects for size, add, subtract, and understand time and dates.

The books are accompanied by detailed Teaching Guides containing suggestions for a variety of teaching and learning activities and other resources such as Wallcharts and flashcards to support teachers and to make the learning of new concept easy and interesting.

Oxford International Primary Maths

SECOND EDITION

For Classes 1 to 6

A complete six-year primary Maths course that initiates problem-solving approach, encourages students to actively explore new mathematical concepts, and to teach young learners the skills they need to become confident mathematicians. Focus of the series is to establish mathematics goals, such as reasoning, along with implementation of tasks that promote reasoning and problem solving, and build procedural fluency from conceptual understanding.

KEY FEATURES

- Deeper learning is promoted through use of manipulatives as well as pictorial and abstract representations
- Word problems and mental Maths activities engage students through a wide range of contexts
- Language support helps students develop fluency in the language of Maths

New Syllabus Primary Mathematics

SECOND EDITION

For Classes 1 to 6

**Dr FOONG PUI YEE, CHANG SUO HUI,
LIM LI GEK PEARLYN, WONG OON HUA**

New Syllabus Primary Mathematics is a series of textbooks and workbooks specially written to reflect a student-centred approach, which serves to engage pupils so that they have a solid foundation in Mathematics.

The series adopts a spiral design with carefully built-up mathematical concepts and processes. The Concrete-Pictorial-Abstract approach also forms an integral part of the learning process. These textbooks have comprehensible inputs, adequate subject matter, interesting and attractive layout, and inclusion of hands-on experiences.

KEY FEATURES

- In Focus for pupils to discuss questions related to various learning objectives
- Let's Learn for the introduction of new concepts through the Concrete-Pictorial-Abstract approach
- Activity Time (We Work Together, Play A Game!, IT's Fun) to allow pupils to develop requisite skills, knowledge and attitudes with the inclusion of learning experiences
- Practice for immediate evaluation of pupils' learning
- Mind Workout to encourage pupils to apply learnt concepts to solve non-routine questions
- Maths Journal for pupils to reflect on their learning process
- Self Check for pupils to keep track of their own learning progress

New Countdown

THIRD EDITION (Enhanced Blended Edition)

For Pre-Primary and Classes 1 to 8

P. N. SINGH, A. K. ROY, S. DUDEJA

Introducing the *New Countdown* Enhanced Blended Edition where teaching, learning, and technology intersect.

New Countdown is a well-structured mathematics course fully aligned with the National Curriculum of Pakistan.

Experimental studies have demonstrated that “Children’s goals and beliefs about learning are related to their mathematics performance.” This blended series piques curiosity and influences students to appreciate the beauty and usefulness of mathematics in their surroundings.

Research shows that students who see effort as a path to growth, persist better in learning, excelling in math and beyond. This blend of traditional and digital methods ensures a solid grasp of mathematical concepts and paves the way for future success.

KEY FEATURES

- teacher’s Support Hub a centralized hub for all your teaching resources.
- Assessment for and of Learning Pack foster student mastery through dynamic, formative, summative and activity-based evaluations and ignites students’ progress for the 21st century competencies.
- Classroom Presentation Buddy delivers simple digital lessons with engaging on-screen material with QR codes enabled with SLO-based annotated videos and fun activities.
- Parental Guidance Kit helps parents be a part of their children’s mathematical journey through streamlining their involvement with clear, practical education resources.

Maths Wise

(SECOND EDITION)

For Pre-Primary and Classes 1 to 8

SHAMLU DUDEJA, GEETA DUDEJA

Maths Wise is a pre-primary to secondary Mathematics course that presents mathematical concepts in a simple but interesting manner so that students make their own discoveries with some support and guidance from the teacher. The content present in the textbooks is up-to-date, and relevant. It includes the recent developments in mathematics relating to content dealt with.

KEY FEATURES

- The colourfully illustrated books are attractive and supplement explanations.
- Plenty of exercises and suggestions for extra activities are included, which provide adequate problem-solving practice for each concept
- Great emphasis is placed on encouraging students to learn at his/ her own pace

Teaching Guides provide interactive teaching methods which indicate how lessons can be taught to derive maximum learning. Inclusion of real-life, multi-sensory learning situations makes these lessons more interesting.

New Syllabus Mathematics

For Lower Secondary to O Level

SEVENTH EDITION (Updated)

CONSULTANT: Dr YEAP BAN HAR

TEH KENG SENG, LOH CHENG YEE,
Dr JOSEPH YEO, IVY CHOW, NEO CHAI MENG,
JACINTH LIEW, ONG CHAN HONG

New Syllabus Mathematics (NSM) is a series of textbooks where the inclusion of valuable learning experiences, as well as the integration of real-life applications of learnt concepts serve to engage the hearts and minds of students. The newly formatted questions which require application of mathematical techniques to solve problems have been included.

The textbooks encourage questioning and makes space for curiosity, emphasising on conceptual understanding over procedure.

KEY FEATURES

- Chapter Opener to arouse students' interest and curiosity
- Investigation, Class Discussion, Thinking Time, Journal Writing, Performance Task for students to develop requisite skills, knowledge, and attitudes
- Worked Examples to show students the application of concepts
- Practise Now for immediate practice
- Similar Questions for teachers to choose questions that require similar application of concepts
- Exercise classified into Basic, Intermediate and Advanced to cater to students with different learning abilities
- Summary to help students consolidate concepts learnt
- Review Exercise to consolidate the learning of concepts
- Challenge Yourself to challenge high-ability students
- Revision Exercises to help students assess their learning after every few chapters
- Worked solutions of textbooks and workbooks

think! New Syllabus Mathematics

EIGHTH EDITION

think! New Syllabus Mathematics is a series of textbooks designed to provide students valuable learning experiences and a deeper appreciation of mathematics by engaging their minds and hearts. The series reflects the important shifts towards the development of 21st century competencies. This textbook series will be a meaningful companion for students as they embark on an exciting journey in secondary school mathematics through collaborative and self-directed learning.

KEY FEATURES

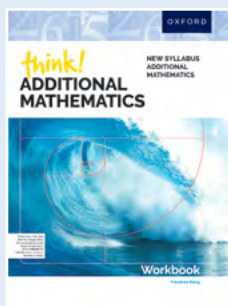

- Investigation, Class Discussion, Thinking Time, Journal Writing and Performance Task highlight mathematics as a tool and as a discipline
- Real-life examples, applications and Problems in Real-World Contexts emphasise the relevance and beauty of mathematics
- Worked Examples, Practise Now and Exercise questions ensure a high baseline of mastery
- Challenge Yourself problems provide extension opportunities
- Reflection prompts encourage metacognition
- ICT tools promote visualisation and exploration of concepts
- Looking Back and Summary consolidate the big ideas, concepts and knowledge encountered in each chapter

think! Additional Mathematics

O Level & IGCSE

**Dr YEAP BAN HAR, Dr JOSEPH B. W. YEO,
Dr CHOY BAN HANG, TEH KENG SENG,
WONG LAI FONG, SHARON LEE, ANDREA KANG**

The series covers the *Cambridge O Level and IGCSE Additional Mathematics* syllabus 4037/0606, for examinations effective from 2025 onwards. The changes in the new curriculum are completely updated in the series. The updated assessment objectives include the measure of learning and understanding of application and demonstration of mathematical techniques.

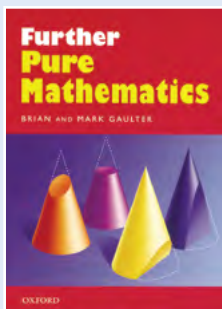

KEY FEATURES

- Investigation, Class Discussion, Thinking Time, and Journal Writing highlight mathematics as a tool and as a discipline
- Real-life examples and applications emphasise the relevance and beauty of mathematics
- Worked Examples, Practise Now, and Exercise questions ensure a high baseline of mastery
- Challenge Yourself problems provide extension opportunities
- Reflection prompts encourage metacognition
- ICT tools promote visualisation and exploration of concepts
- Summary consolidates the big ideas, concepts and knowledge encountered in the chapter

Further Pure Mathematics

For A Level

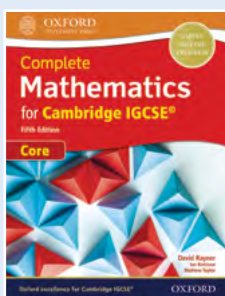

BRIAN GAULTER, MARK GAULTER

Matching the requirements of the new A Level specification.

Following on from *Introducing Pure Mathematics* by Smedley and Wiseman, *Further Pure Mathematics* covers in one volume all the pure mathematics required by students taking further mathematics. It also provides the basics for mathematics encountered in Higher Education. A clear text is supported by worked examples, exercises, and examination questions. The two books will cover the requirements of Pure Mathematics as part of double certification Mathematics for any examination board.

KEY FEATURES

- Clearly written explanations and graded worked examples to help students when they are studying alone
- Wide variety of exercises
- Comprehensive selection of recent exam questions from all the major examination boards
- Written for the 2000 specifications
- For students taking double certification A Level Mathematics and suitable for IB
- Complements the highly successful *Introducing Pure Mathematics*

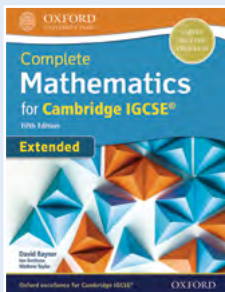

Complete Mathematics for Cambridge IGCSE®

FIFTH EDITION

DAVID RAYNER, IAN BETTISON, MATHEW TAYLOR

Build confidence for the Extended part of the latest Cambridge IGCSE syllabus (0580) with the trusted and rigorous approach of *Complete Mathematics* (Fifth Edition). It strengthens foundations for further study with clear explanations that build understanding.

- The practice-based approach and careful question progression provides full support with a comprehensive mapping grid drawn directly from the latest syllabus, for examination.
- Ensure thorough comprehension with worked examples.
- Support students' learning with additional practice and revision checklists available on the accompanying support site

Understanding STEM

For Classes 1 to 3

The *Understanding STEM* series is a set of guided textbooks based on the latest pedagogical techniques including STEM and project-based learning. They are designed to progressively develop learners' scientific and problem-solving skills, through interactive content.

They contain guided activities through grades, with image-based content and infographs for better concept comprehension.

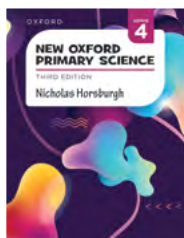

New Oxford Primary Science

THIRD EDITION

For Kindergarten to Class 5

NICHOLAS HORSBURGH

New Oxford Primary Science, Third Edition, aims to help students understand scientific concepts in an engaging and exciting way. The content is designed to encourage and support students in observing and analysing different scientific phenomena in their everyday lives. Hands-on activities and projects have been designed to develop observational, creative, collaborative, and communicative skills of the students which are crucial for scientific working in the 21st century.

The Science Factor

For Kindergarten to Class 5

NICOLAS BRASCH

The Science Factor is a six-level primary science course which has been designed to bring science alive to students in a way that is relevant, engaging, and enlightening. Guided by science superheroes, students are taken on a journey of discovery that will help them understand the world they live in, those they share it with, and the universe beyond our planet.

The Teaching Guides are a valuable resource for the teacher, offering background information, detailed lesson plans, answers to questions in the Student's Book, and ideas for additional activities and experiments.

New Amazing Science

For Classes Kindergarten to 8

New Amazing science is a series designed to encourage inquiry-based learning of science. It is intended to aid teachers develop the science skill sets in students. As a result, the teaching-learning process is supported through introduction of critical questions and hands-on activities.

CONTENT FEATURES

- Quick review: short exercises to check students' learning
- STEM projects: projects requiring integrated application of Science, Technology, Engineering principles and Mathematics for successful completion
- Mind tree(s): summarize the unit
- Science Blog: additional facts and information relevant to the topic

New Oxford Secondary Science

For Classes 6 to 8

TERRY JENNINGS

The New Oxford Secondary Science series for grades 6, 7, and 8 is based on Pakistan Curriculum 2022. To accommodate the requirements of current curricular modifications, it has interesting features like Discuss and Answer, concept check, test yourself, projects, and concept maps. These textbooks aid students in developing a thorough understanding of fundamental ideas in the biological, physical, and earth sciences.

Science Fact File

THIRD EDITION

For Classes 6 to 8

DAVID COPPOCK

The Third Edition of *Science Fact file* covers a broad range of topics from physics, chemistry, and biology and relates the scientific facts to the everyday world with which the students are familiar. New attractive layout, full-colour illustrations, and informative text provide a student-friendly resource which will make learning a pleasure. Each unit is followed by an Exercise section to further assess students' learning and indicate where further study may be required. There is a separate Workbook for each level and teaching guides containing further learning and assessment materials.

Urdu Workbooks, Primers, and Poetry

Alif Bay Pay: Geet aur Awazain

For Pre-Primary
Ages 2 to 5 years

ZARA MUMTAZ

This beautifully illustrated Urdu alphabet book has been designed especially for pre-schoolers and introduces each letter of the Urdu alphabet and its coordinating sound to very young children. The book is now accompanied by digital components on My E-Mate to facilitate learning the Urdu alphabet through phonics. It also includes songs to keep children interested. The digital components are an indispensable teaching aid, making learning easy and fun.

Agar Nagar ki Nanhi Nazmain

For Pre-Primary
Ages 2 to 5 years

ZARA MUMTAZ

This delightful collection of poems for toddlers, pre-schoolers, and early school-going children is now accompanied by digital components on My E-Mate to facilitate learning of poems. It includes reading and recitation of poems in both song and poetic form; and fun games to keep children interested. These poems have the additional advantage of familiarizing young children with the parts of the body, colours, and numbers.

First Steps to Early Years Urdu

For Pre-Primary Classes
Ages 2.5 to 5.5 years

FARZANA SYED, AMMAR ZIA

First Steps to Early Years is a pre-primary series that brings fun into learning Urdu. Full colour activities in the Urdu primers 1 to 3 develop listening, speaking, reading and writing skills. It follows phonic-based learning, and focuses on developing letter recognition, handwriting, and language acquisition through stories, rhymes and vocabulary development. As new vocabulary is introduced around familiar themes, such as family, animals and everyday events, children will soon be able to use the Urdu language in their everyday lives. Varied activities include colouring, drawing, join-the-dots, tracing, word searches, grouping and linking word families.

Alif Se Yay Tak Nannhay Geet Aur Nazmain

For Pre-Primary
Ages: 2 to 5 years

ZARA MUMTAZ

With coloured pictures on every page, this book and the accompanying digital component bring together fun and education to interest children. This has been developed according to principles of educating through sound. The songs and poems of the letters of the alphabet and the way they sound have been delivered in a memorable manner. With the help of the digital component, the child can easily read the book.

Parhiy aur Seekhiy

For Nursery to Class 1
Ages 3 to 7 years

FOZIA AHSAN FAROOQUI

There was a need for simple but strong Urdu Qaidas for beginners to teach and learn Urdu with ease. Fozia Ahsan Farooqui, a renowned Urdu writer, has come up with two new Urdu primers.

Urdu learning and teaching will become easier with the help of these two Qaidas which use modern phonetic and visual methods and thus boost the learners' confidence.

Teaching notes given in the books will further help in understanding the complex concepts.

KEY FEATURES OF THE QAIDAS INCLUDE:

- Graded reading
- Transformation of words into sentences
- Beautifully designed and illustrated
- Supporting Flashcards and Wallcharts for classroom teaching

Nardban-e-Urdu

For Classes 1 to 8

**B. A. CHAUHAN, IFFAT RAHAT,
AND ALMAS ROOHI**

This popular series of Urdu-language workbooks has been extensively revised now and is available for classes 1 to 8. The required courses of grammar are covered in an interesting and easily assimilated way. Outdated comprehension passages and other text have been replaced with up-to-date knowledge and more joyful activities.

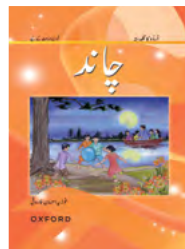

Urdu Reading Scheme

Ages 2.5 to 11 years

The *Urdu Reading Scheme* aims to development supplementary readers for students of Pre-primary to class 5 (2.5 to 11 years)

Supplementary Readers have been developed to support the Urdu ka Guldasta series at the Pre-primary and Primary levels. Designed to enhance interest in reading, these books use graded vocabulary, picture stories, poems, and activities that encourage analysis, comparison and critical thinking in students from an early age.

These readers can also be used as stand alone supplementary support.

Urdu Ka Guldasta

KHUSUSI ISHA'AT

For Pre-Primary and Classes 1 to 8

FOZIA AHSAN FAROOQUI

Urdu Ka Guldasta (UKG) is a series of books that has enriched the minds of students and teachers alike. This Khususi Isha'at (special edition) is aligned with Single National Curriculum 2020 and has been designed to enhance the learning of students and offering a higher level of interest. The main emphasis of this edition are:

Alignment with the SNC and NCP. The pre-primary books are in line with Early Childhood Care and Education (ECCE) 2020, primary books comply with the SNC (2020) and secondary books are aligned with National Curriculum of Pakistan (NCP) 2022. Each book is divided into three terms and each term has a significant number of lessons including prose and poem with SLOs and keywords used in the lesson are included. Phonics and sight-reading methods are used where essential.

Effective changes have been made in activities and exercises; the addition of objective questions is one of them. Combination of MCQs, objective questions and comprehension questions with each lesson. Brainstorming questions and additional information boxes with lessons to enhance the curiosity and engagement of children towards the lesson. Guidelines for teachers with every lesson are also added to assist teachers in achieving lesson's outcomes. Word bank with respect to lesson sequence and with meanings are included at the end of each book for the ease of students.

Urdu Courses

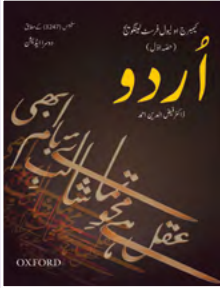

Focus on all Four Language Skills: Listening and speaking: group activities and application of these skills at different occasions and their development has been ensured. Reading: auditory and visual teaching methods have been employed. Principles of the auditory system of Urdu have been gradually introduced in primary classes. Writing: Urdu is normally written in Nastaleeq font. To elaborate on the minute details of this writing, the simple yet comprehensive method has been used.

Urdu Grammar: To familiarize Urdu as the national language, simple and interesting activities have been organised. Care has been taken to ensure the ease of users whose mother tongue is not Urdu.

Development of Comprehension Skills: Bloom's Taxonomy has been introduced in the proper sequence of remembering, understanding, applying, analysing, evaluating, and creating.

Creative Writing: Starting from making small sentences in pre-primary to making simple couplets and then writing essays and poetry in grade 5—has been made very simple and comprehensive. Includes stimulating students to write an account of an event, story writing, letters and recording memorandums in the diary.

Cambridge O Level First Language Urdu

SECOND EDITION

Book 1

For O Level

This book comprises comprehension passages, four types of essays, and prose and poetry. Comprehension passages included in this book cover all the topics prescribed by CAIE. Similarly, questions asked for each comprehension passage are constructed with additional information on the pattern of CAIE.

In this book, not only four types of essays (Argumentative, Discursive, Descriptive, and Narrative) have been thoroughly explained but also contents to be included in each paragraph are elaborated through diagrams and charts.

Unseen texts have been selected from classical and contemporary literature on a variety of topics.

Cambridge O Level First Language Urdu

THIRD EDITION

Book 2

For O Level

In this book, text from poetry and prose have been included based on the requirement of CAIE. To facilitate students to achieve high in CAIE, each piece of text is provided with detailed critical comments. Writing style, thoughts, and tone of each poet and author included in the syllabus has been thoroughly described.

To prepare students for satisfactory performance in CAIE following contents have been added in the book:

- Life history of poets and authors
- Historical, social, political, and literary background of the texts
- Thorough explanation of the different types of literature and literary terms
- English alternatives of important literary terms and difficult words

Badban-e-Urdu

FIRST EDITION

Book 1

Exercises of short-answer questions include advertisements, brochures, leaflets, guides, instruction manuals, reports, and comprehension passages.

Exercises of multiple matching questions and answers have been added to the book.

Exercises of note-making have been included in the book.

Exercises of summary writing have been included in the book.

Exercises of different types of functional prose have been included as part of the book.

Students have been provided with comprehensive guidance through exercise questions and their corresponding sample answers.

Taking students' interests into consideration, texts covering a wide range of topics including music, sports, technology, tourism, films, literature, fashion, animals, plants, flowers, history, current affairs, and language have been chosen.

To develop reading and writing skills among students, special attention is given to words, phrases, idioms, and sentence structures.

To expand the thinking and imagination of students and to improve their reading and comprehension skills, texts have been arranged in a progressive order of difficulty. Additionally, at the end of each exercise, English alternatives for difficult Urdu words are provided.

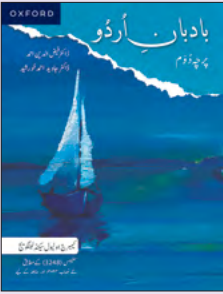

To ensure accurate pronunciation and elocution, diacritics and special Urdu symbols are provided.

Sindhi

For Pre-Primary and Classes 1 to 8

The Sindhi textbooks by Oxford University Press are thoughtfully crafted to align with the latest curriculum by the Directorate of Curriculum, Assessment, and Research (DCAR), Sindh. Tailored for pre-primary, primary, and secondary grades, these books are designed to meet the evolving needs of modern teaching while staying true to curriculum standard.

Rich in content, the series features engaging lessons and inspiring poems that explore religious, national, scientific, and cultural themes. Every element is carefully curated to nurture the four essential language skills: listening, speaking, reading, and writing. Integrated grammar exercises further enhance the learning experience, ensuring a solid foundation in language structure and usage.

What sets these books apart is their thoughtful progression, guiding students through graded stages that match their cognitive development. With a focus on vocabulary expansion and language mastery, this series not only builds competence but also instills a love for learning Sindhi.

Information Systems for You

FOURTH EDITION

For Classes 9 to O Level

STEPHEN DOYLE

Information Systems for You is a leading text with a deserved reputation for underpinning knowledge presented in a clear and accessible style. Recommended by exam boards, it has been revised and updated for today's secondary courses in ICT subjects and to address today's issues in computer technology.

The fourth edition of this world-leading text has been revised and updated to include even more exercises and activities to build skills in popular software packages.

Divided into 2 sections - the first covering material for the theory examination and the second focusing on skills assessment - the book aims to develop both the theoretical and practical skills required to solve common problems independently.

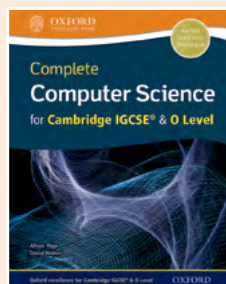

FEATURES

- Investigations encouraging independent research and involving the use of particular skills to present findings
- Test yourself sections at the end of each chapter assess students on material covered, helping embed key information and reinforce skills
- IT tasks provide the opportunity to complete additional activities relevant to today's students, helping embed key concepts and further develop skills

Art Club

For Classes 1 to 5

HUMA NASIR, ADNAN LOTIA

Art Club series of art workbooks is specifically designed for students of classes 1 to 5. *Art Club* is the only resource teachers will require to effectively and comprehensively develop students' art skills.

- The Materials Guide in each book corrects common mistakes and gives tried and tested material handling information
- A Glossary of important art terms helps students develop the proper vocabulary for art and summarizes important concepts
- Teacher's Notes for each assignment assist in class instruction and give helpful hints specific to the concept being introduced

Art and Craft for Pakistan

For Classes 1 to 5

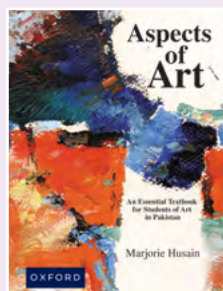

NICHOLAS HORSBURGH

Art and Craft for Pakistan is a course of five books designed to ensure that primary school children in Pakistan acquire skills in clay modelling, print-making, weaving, painting, and calligraphy.

These also include the cross-curricular skills of problem-solving, observation, visual and tactile coordination, and the manipulation of materials.

Each book in the course moves progressively across a broad front of art and craft activities with an emphasis on attractive but affordable outcomes.

A Teacher's Notes section appears at the end of each book and a Visual Guide for Teachers is also available.

Aspects of Art

An essential textbook for students of art in Pakistan

For Classes 9 to 12

MARJORIE HUSAIN

Aspects of Art covers the fundamentals of the theory and practice of art. A guide for teachers as well as students, it aims to motivate students of art to explore great examples of art and their creators, from pre-history to the present time.

Salaam Islamiyat

KHUSUSI ISHA'AT

For Pre-Primary and Classes 1 to 8

NAZMA RAHMAN, FARHAT JAHAN

Salaam Islamiyat offers a comprehensive range of students' textbooks, spanning from Nursery to Book Eight. The latest edition, known as Khususi Isha'at meticulously aligns with the Pakistan National Curriculum (PNC), encompassing eight textbooks catering to students from Class 1 to Class 8. This series harmoniously integrates with SNC 2020 for primary levels and SNC 2022 for secondary levels.

The series presents the basic beliefs of Islam in an easy-to-understand language and style. Attractive pictures and interesting exercises have been included to help children internalize Islamic concepts. Important events from Islamic history and the lives of earlier prophets have also been included. To eliminate every possible doubt the Quranic verses (ayats) used in the books have directly been scanned from the Holy Quran and authentic translations have been used for the verses (ayats). References have been added to every respected verse (ayat) of the Quran and ahadith of Hazrat Muhammad ﷺ. The significant number of hadiths been covered in all books.

In Khususi Isha'at, progression in exercises has been made; not only related to the chapters, but also with every level of the books. Apart from this, SLOs has been added at the beginning of every chapter, new vocabulary with their meanings and guidance for the teachers at the end of every chapter.

Islamiyat (English)

SECOND EDITION

For Pre-Primary and Classes 1 to 8

SAJEDA ZAIDI

Written for students in English-medium schools, the colourfully illustrated series provides interesting, interactive information on Islam and its teachings. Along with essential recitation and reading of the Qur'an, it highlights the basic Islamic principles of faith and *ibadat*.

Islamiyat for Primary Classes, Second Edition is designed to conform to the National Curriculum 2006.

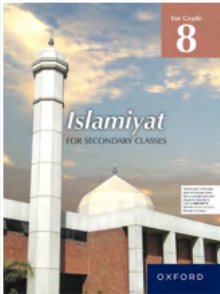

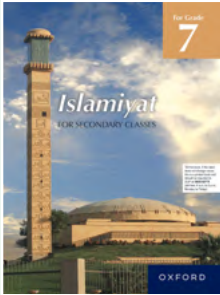

The series also provides historic and inspirational glimpses into the life of Hazrat Muhammad Rasool-Allah ﷺ and his companions when they were building the Muslim nation. It also contains short biographical sketches of important personalities in Islam and engrossing stories from the Qur'an.

The important features of the series include:

- Use of simple language and a fluent narrative style
- Colourful illustrations and pictures to assist learning
- Activities to maintain student interest throughout the lesson
- Comprehension exercises at the end of each chapter
- A separate section for recitation and memorization of important surahs
- Book 1 also has an Ibtidai Qaida to help in pronunciation of Arabic
- Lessons on social etiquettes is an important section for pupils to learn to live within a society and to obey certain rules of Islam on dealing with people
- A comprehensive list of learning objectives and outcomes to guide and support lesson planning; teaching notes are given where necessary

Islamiyat (Urdu)

REVISED EDITION

For KG and Classes 1 to 8

This series in Urdu consists of textbooks for KG and classes 1 to 8. In these books, basic Islamic injunctions have been portrayed in a simple and easy way, aided by Quranic references, Ahadith, and episodes from the life of our Hazrat Muhammad ﷺ. Interesting exercises improve children's knowledge about religion. Contrary to a traditional approach, some concepts and incidents have also been illustrated to give a better understanding to children. The language is very simple and comprehensible and so is the layout.

The books are written in accordance with the Pakistan National Curriculum.

Teaching Guides are also available for the books, with endorsement from the Ministry.

Islamiyat (Sindhi)

For Kindergarten and Classes 1 to 8

The series of Islamiyat textbooks in Sindhi from KG to class 8 is in accordance with the National Curriculum of Pakistan, 2006.

This series covers basic Islamic injunctions in such a simple and comprehensive way so that students may not only learn them to reproduce during assessments but to accept them as moral code of conduct for their lives. Quranic references, Ahadiths, and episodes from the life of our holy Hazrat Muhammad ﷺ have been included in each topic to enable the children to know the actual resources which provide basis for the establishment of true Islamic society.

To enhance the understanding and imagination of students of the important concepts and incidents, number of four colored illustrations along with activity-based approach is added which will maintain the interest level of pupils at its peak and will keep them thoroughly involved in every lesson. This series has been supplemented with bilingual teaching guide in both Sindhi and Urdu to ensure effective delivery of lessons even by non-native teachers.

An Introduction to Islamiyat

History, Beliefs, and Practices

For Cambridge O Level and IGCSE®

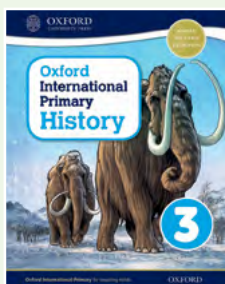

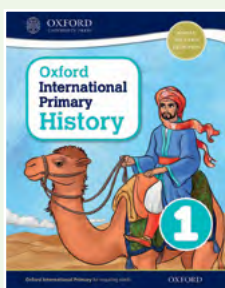

NIGHAT FAROOQ BAJWA

An Introduction to Islamiyat—History, Beliefs, and Practices has been developed specifically to meet the requirements of the Cambridge International Examinations O Level and IGCSE syllabuses, 2058 and 0493, Papers 1 and 2. The objective of this textbook is to give students of all abilities the chance to study the subject in the detail that would help them to achieve desirable grades and to kindle in them an interest to engage with the subject. The textbook is divided into two parts. Part One focuses on the units of study for Paper One and Part Two, likewise, covers the units of study for Paper Two. A brief introduction is given at the start of every chapter to explain its objectives. The units in both parts systematically cover all the areas of study given in the syllabus. The endeavour is to make the material required for a sound study of this subject available to them within the scope of the syllabus, in a way that they would find engaging and which in turn would lead to a better understanding of Islam, its origins, and its appeal.

Oxford International Primary History

For Primary Classes

A complete six-level primary course that inspires students' curiosity about the past and develops historical skills

Adopting an enquiry-based approach, *Oxford International Primary History* inspires students to ask questions, explore topics independently, and formulate their own conclusions, as well as build useful cross-curricular skills that will benefit students' future lives.

- Develops historical skills such as interpreting evidence and formulating arguments
- Sparks students' curiosity and encourages them to ask questions and think independently
- Carefully selected topics that are culturally appropriate and give students a well-rounded view of the world
- Thematic studies provide the opportunity to develop a 'big picture' of the past and incorporate local history
- Flexible and easy-to-implement for the teacher, with self-contained units, differentiated activities, and full support in the Teacher's Guide
- Language that is accessible for EAL learners

Secondary History for Pakistan

For Classes 6 to 8

DEAN SMART

Aligned with the Pakistan National Curriculum 2022, *Secondary History for Pakistan* is a companion series of *Secondary Geography for Pakistan* for lower secondary grades 6-8. It focuses on inquiry-based learning, with the intent to develop critical thinking skills. The historical knowledge imparted by the series helps students develop a deeper understanding of personal, local, national, regional, and global histories.

KEY FEATURES

- Development of essential skills through the examination of primary and secondary evidence, and the ability to evaluate validity and utility in historical accounts
- Visual timelines to build connections across time periods and strengthen analytical thinking
- 'Did You Know', 'Going Further' and 'To Discuss' features to develop 21st century skills
- supported by comprehensive teacher's guides

Understanding History

SECOND EDITION

For Classes 6 to 8

ISMAT RIAZ

Understanding History Books 1-3 (Second Edition) is based on the Pakistan National Curriculum, 2022, for lower secondary grades 6-8. It explores the history of early civilisations to modern-day Pakistan, covering the impact of Islamic empires, British domination, World Wars, and key personalities who shaped the history of the subcontinent and the world.

KEY FEATURES:

- A specifically designed pathway to the Cambridge O Level syllabus 2059/1
- Differentiated assessments based on Bloom's Taxonomy
- Includes primary and secondary sources for an accessible exploration of historical events from multiple perspectives
- Encourages inquiry-based learning and builds analytical thinking skills
- enables students to understand history by employing the tools and techniques used by historians

World Watch History

SECOND EDITION

For Classes 6 to 8

ANDREW WRENN, ABDUL MOHAMUD, CHRISTINE MOORCRAFT

World Watch History (Second Edition) is revised according to the Pakistan National Curriculum 2022. Along with *World Watch Geography* (Second Edition), it is an extension of *World Watch Social Studies* to the lower secondary level. *World Watch History* (Second Edition) comprehensively covers ancient civilisations, Islamic empires, European civilisations, empires of the subcontinent and the history of the creation of Pakistan (up till today) in a chronological order.

KEY FEATURES

- Reinforcement of historical concepts through fact boxes and timelines
- Assessments designed to test students' historical knowledge and interpretation
- Variety of historical sources to develop critical thinking skills
- Supported by comprehensive skills books, digital learning, and a teacher's guides

A Children's History Series

Ages 8 to 12 years

HAMIDA KHUHRO

This series not only provides interesting historical information but will also go a long way in developing a sense of pride among Pakistani children regarding their history and cultural heritage. A simple yet engaging style and narration of anecdotes makes it lively and exciting for young readers.

A Children's History of Sindh

Urdu Translation by **FAHMIDA RIAZ**

Sindhi Translation by **BADAR ABRO**

This book introduces children to the rich history of Sindh—a land that was home to one of the oldest civilizations of the world. Beautifully illustrated, this book not only traces the footsteps of the invaders and foreigners who set foot in Sindh—from the Aryans, Persians, Greeks, and Arabs to the Mughals and finally, the British—but also talks about the local dynasties that left their mark.

A Children's History of Punjab

Urdu Translation by **HUMAIRA ATHER**

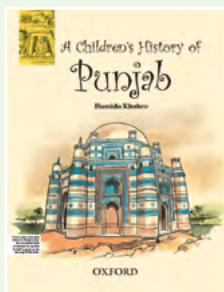

In this book, which begins in the pre-Partition days, young Abida's interest in the history of Punjab is developed when she asks her uncle to tell her about the history of 'the land of five rivers' and to take her to explore the historic sites of this land.

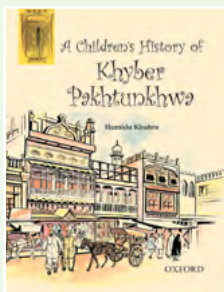

As she learns about foreign invasions, Buddhist influence, romantic legends, the contribution of the Mughal emperors and the British, Abida is so fascinated by the story of Punjab that she grows up to become a historian herself!

A Children's History of Khyber Pakhtunkhwa

Urdu Translation by **FAHMIDA RIAZ**

Pashto Translation by **RAJ WALI SHAH KHATTAK**

Two girls, Hafsa and Ansa, travel to Khyber Pakhtunkhwa and on the way discover a wealth of information about the history of this region—how these valleys have echoed the footsteps of Aryans, Persians, Greeks, Buddhists, Muslims, Hindus, Sikhs, and the British as they went across and left their mark in the region.

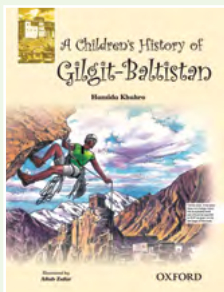

A Children's History of Balochistan

Balochi Translation by **IMRAN SAQIB**

Urdu Translation by **HUMAIRA ATHER**

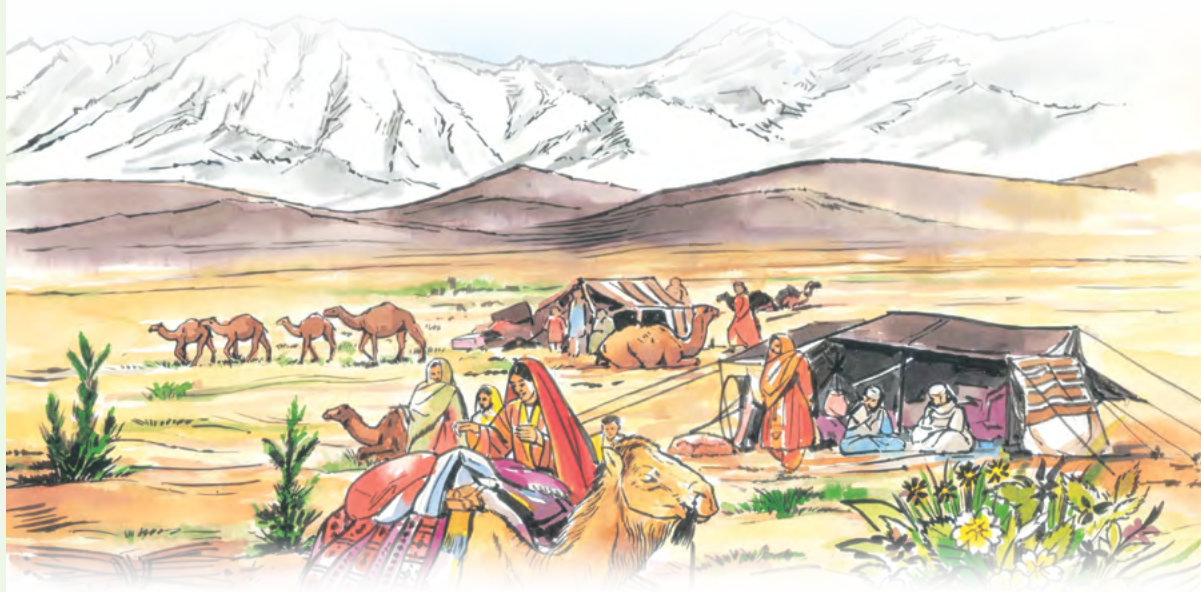

This book introduces children to the history of Balochistan, the largest province of Pakistan. A young girl travels by road with her parents to Balochistan where their host is a Baloch Sardar, who tells her about the rich history and culture of the region, from the prehistoric civilization of Mehrgarh, the rule of the Persians, Mir Chakar Khan Rind, the Kalat Khanate and much more.

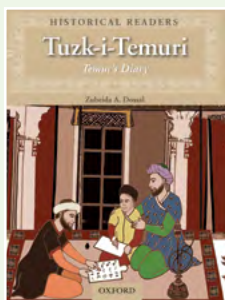

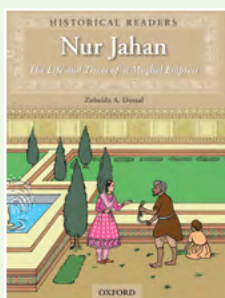

A Children's History of Gilgit-Baltistan

Urdu Translation by **FAHMIDA RIAZ**

This book is about the beautiful northern-most region of Pakistan - home to some of the highest peaks and plateaus, and the famous silk route—visited by two young children with their parents. Their grandmother's description of Gilgit-Baltistan, with its awesome landscape and fascinating history, lead to the trip to this region with their parents. They not only see and enjoy the sights in this wonderful part of Northern Pakistan, popular with tourists and mountaineers, but also learn about the various personalities that contributed to its history, as well as people who are helping to preserve its valued heritage.

Historical Readers

For Classes 6 to 8

ZUBEIDA A. DOSSAL

The *Historical Readers* series is a supplementary text for secondary and upper secondary classes which aims to develop students' interest in the history of the region. Drawing from authentic Mughal sources, the diaries and accounts of personal as well as court life, maintained by the rulers, their children, and court officials, give readers a fascinating glimpse into the life and times of a dynasty that ruled the subcontinent across its length and breadth for over 300 years. Abridged and simplified, the books have been attractively illustrated in a style that matches their mood and content.

Pakistan: History, Culture, and Government

SECOND EDITION

For Cambridge O Level Syllabus 2059/1 and IGCSE® 0448/1

NIGEL SMITH

Pakistan: History, Culture, and Government is an in-depth study of a nation which, during the period studied, emerged after years of struggle, survived in the face of many difficulties, and has succeeded as an independent state. 'We have to live with history', says the author, 'and it is best if we understand it'.

Distinctive features of the book include:

- Key Questions at the start of each section that highlight its objectives and main topics
- Points to Remember at the end of each section that summarize the main points and help reinforce learning and knowledge
- Important Dates section which ensures that students understand the order of events
- Margin Notes which include definitions and interesting additional facts
- Examination-style questions together with other opportunities for research and further study

The Teaching Guide provides further support including additional suggestions and sources for effective teaching.

World Watch

Social Studies for Primary Schools

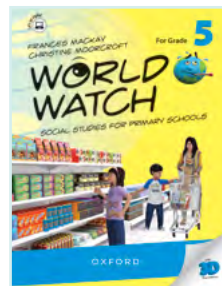

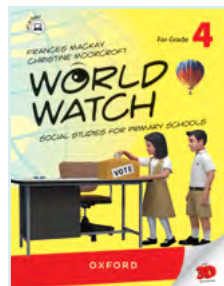

For Classes 1 to 5

ELEANOR WATTS, CHRISTINE MOORCROFT, FRANCES MACKAY

World Watch is designed for primary grades to stimulate curiosity, develop students' critical thinking skills, and foster a love for learning. It has an integrated curriculum with five units on history, five on geography, and two on civics, fostering knowledge and skills.

KEY FEATURES

- Values and environmental education to instil social responsibility
- A conversational tone to engage students through story telling
- Formative and summative assessments to evaluate student's learning pace
- Supported by comprehensive skills books, digital learning, and a teacher's guides

Safety First

For Pre-Primary

Message to Parents and Teachers:

Children are our nation's most precious resource, but being children they often lack the skills to protect themselves. It is our responsibility, as parents and teachers, to safeguard them and to teach them these skills.

This new set of books includes teacher's notes which will help increase the awareness of road safety issues.

Know Your World

Social Studies for Pakistan

For Classes 1 to 8

FARHAT MANSOOB, KHADIJA CHAGLA-BAIG

Know Your World is a series of eight textbooks (Books 1–8) for primary to lower secondary classes. Books 1–5 are simple, interesting, and useful, designed especially to stimulate the thinking skills of children and to increase their involvement in the learning process. Books 6, 7, and 8 introduce students of lower secondary classes to new concepts and build on some previously-learned concepts in detail, and with increased depth. The scope of these books includes topics from history, geography, economics, civics, and culture, offering a rich blend of historical perspectives and contemporary issues.

All books in the series include interactive tasks aimed at developing skills such as critical and analytical thinking, reasoning, decision-making, problem-solving, organizing ideas, and making suggestions.

Colourful photographs, illustrations, maps, diagrams, and information boxes make the books stimulating and reader-friendly.

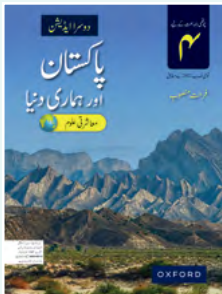

Content Review and Going Further exercises given at the end of each chapter are designed to activate the thinking process in children, increase their involvement and participation, and encourage them to apply the concepts learnt in their daily life.

A detailed teaching guide with lesson plans, teaching methodology, and worksheets/assessment sheets supports each textbook. Assessment procedures to measure learning outcomes are also provided.

Pakistan aur Hamari Dunya

For Classes 4 to 5

Urdu version of Know your World 4-5

FARHAT MANSOOB

Pakistan aur Hamari Dunya (Books 4–5) are designed to stimulate the thinking skills of children and to increase their involvement in the learning process. The scope of these books includes topics from all six themes of Pakistan National Curriculum: citizenship, culture, state and government, history, geography, and economics, offering a rich blend of historical perspectives and contemporary issues.

All books in the series include interactive tasks aimed at developing skills such as critical and analytical thinking, reasoning, decision-making, problem-solving, organizing ideas, and making suggestions. Colourful photographs, illustrations, maps, diagrams, bilingual for difficult terms and information boxes make the books stimulating and reader-friendly.

Assessments and activities given at the end of each chapter are designed to activate the thinking process in children, increase their involvement and participation, and encourage them to apply the concepts learnt in their daily life.

A detailed teaching guide with lesson plans, teaching methodology, and worksheets/assessment sheets support each textbook. Assessment procedures to measure learning outcomes are also provided.

Secondary Social Studies for Pakistan

REVISED EDITION

For Classes 6 to 8

PETER MOSS

Secondary Social Studies for Pakistan Revised Edition, is the upgraded and revised version of the popular series, comprising three textbooks and three teaching guides. The content has been upgraded in view of the worldwide changes and progress, especially in South Asia, and is presented in an attractive new user-friendly format. The series covers the requirements of the latest Pakistan National Curriculum for secondary classes. The content and approach prepare students for the O Level and Higher Secondary examination syllabus.

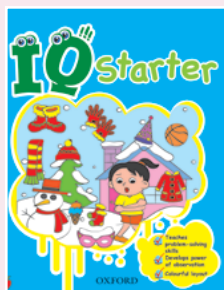

KEY FEATURES

- Changes and progress in Pakistan as well as South Asia since 2005 to date
- Updated data with new graphs, tables, and charts. Accurate and authentic facts, figures, and reports
- A new format, well-selected photographs, illustrations, relevant maps, interesting activities, and Info Boxes
- End-of-chapter questions reinforce learning and encourage critical and analytical thinking in students.
- The first section of each book covers geography and the second section covers history of the areas allocated to each level
- Important issues like Environment, Citizenship, Values, and Human Rights in each book
- This series dovetails into the Pakistan Studies O Level syllabus and is useful as resource material
- The series also includes Teaching Guides for each book, corresponding to the revision in the textbooks with sample lesson plans, the background to each chapter and explanation, teaching tips, and sample answers to test questions

IQ

For Pre-Primary

This set of IQ books is designed to enhance observational skills in young children and nurture their intelligence from an early stage. The activities in these books foster individual thinking and problem-solving skills in children, which are important for future learning in mathematics, science, and social studies. Teachers' notes provide guidelines for teaching these essential skills.

The skills have been introduced and reinforced through a variety of appropriate activities that involve:

- Solving puzzles
- Sorting objects and shapes
- Matching objects
- Observing differences and similarities between objects
- Making connections
- Understanding and following instructions

First Steps to Early Years General Knowledge

For Pre-Primary Classes
Ages 2.5 to 5.5 years

FARHANA AKBAR

First Steps to Early Years General Knowledge Primer 1 to 3 are especially designed to cater to the Early Years Pre-Nursery class to reception class. The series engages children to learn through activities, songs, and games that are both informative and entertaining. Carefully compiled to ensure it covers a wide area of skill development, it develops children's faculties such as speaking, listening, thinking, writing skills, eye-hand coordination, creative skills, gross and fine motor skills, and helps students become independent as well as develop self-confidence. Inclusive to this pack comes a teacher's end of the year checklist, a weekly planner and parent's activity guide.

My Learning Train

World Around Me

For Pre-Primary Classes
Ages 2.5 to 5.5

My Learning Train is a comprehensive, activity-based preschool series comprising three levels—Pre-nursery, Nursery, and Kindergarten. The series fully addresses the competencies and learning framework suggested by the latest curriculum reforms by the Government of Pakistan and uses the activities to introduce concepts and reinforce learning. Through focusing on inherent skill development and learning-by-doing, the series lays the foundation for lifelong learning and development in an enjoyable manner.

World Around Me (*My Learning Train*) uses activities from different learning domains to create first-hand experiences for children, which encourage them to explore, observe, and question. Besides creating awareness about themselves and the world they inhabit, the series also helps to inculcate basic values and good habits, enhances inherent social skills, and facilitates emotional development in children. Through diverse techniques that include stories, rhymes, dramatization, and role-plays, children are encouraged to express their feelings and thoughts independently. Creativity is also honed in children through various art techniques and forms of self-expression.

KEY FEATURES

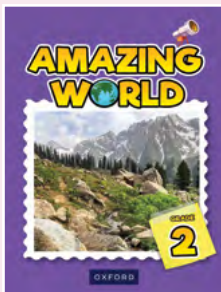

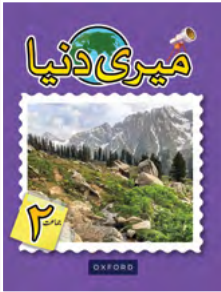

- Sticker sheets included in the Student's Books to enhance learning
- Additional revision pages to enhance critical thinking, verbal-linguistic intelligence, and visual memory
- Additional Worksheets Booklet with Activity Guide for parents for reinforcing concepts of environmental awareness are also available with the book
- Enhanced focus on environmental awareness, good habits, and building the foundations of a scientific temperament among children
- Sight words to enhance vocabulary

Teaching Guides with all Student's Books aim to provide a holistic development of the young learners through providing comprehensive planners, activity banks, easy-to-make resources, and assessment strategies.

Oxford International Primary Geography

Ages 5 to 11 years

TERRY JENNINGS

Oxford International Primary Geography is a complete six-year primary geography course that provides an engaging introduction to the subject.

Using real-life examples from around the globe, the course covers key aspects of both human and physical geography, from the basics of mapping to more complex topics such as the pros and cons of ecotourism and how to meet the resource needs of the world's growing population.

For the student—additional workbooks provide the opportunity for further study in the classroom or at home, including suggested research topics and cross-curricular projects.

For the teacher—the Teacher's Guide provides step-by-step guidance for each lesson, as well as background knowledge and geographical information for specialist and non-specialist teachers alike.

Secondary Geography for Pakistan

For Classes 6 to 8

DEAN SMART

Aligned with the Pakistan National Curriculum 2022, *Secondary Geography for Pakistan* is a companion series of *Secondary History for Pakistan* for lower secondary grades 6-8. It focuses on inquiry-based learning, with the intent to develop critical thinking skills. The geographical knowledge imparted by series helps students develop a deeper understanding of physical, human, and environmental geography of Pakistan, the subcontinent, and the world at large.

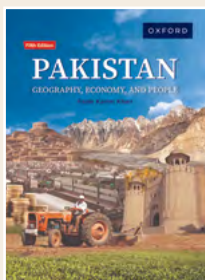

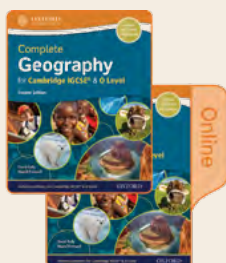

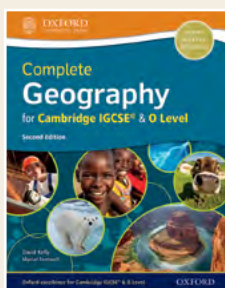

KEY FEATURES

- Aims to equip students with essential critical engagement and problem-solving skills by exposing them to a variety of print and technological tools and resources
- Imparts geographical knowledge and skills through maps (approved by the Survey of Pakistan), diverse data forms (graphs, charts), and exposure to key technologies (GIS, GPS).
- 'Did You Know', 'Going Further' and 'To Discuss' to develop 21st century skills
- Photographs and illustrations to help visualise various geographical processes
- Supported by comprehensive teacher's guides

Oxford Atlas Project for Pakistan

FOURTH EDITION

For Classes 3 to 5

The *Oxford Atlas Project for Pakistan* approved by the Survey of Pakistan has been adapted especially for students of upper primary classes 3, 4, and 5. This atlas provides a bridge between *My Little Atlas* for the lower primary level and the *Oxford School Atlas for Pakistan* for higher secondary and O levels, and beyond.

It provides students a better understanding of geographical concepts and develops their geographical skills as well as prepare them for study of geography in higher classes.

KEY FEATURES

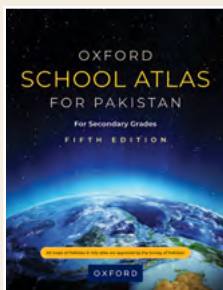

- Helps students become familiar with maps and basic map-reading skills through the use of scale, grids, keys, and directions
- Spatial skills developed by viewing features and landscapes from different angles
- Takes the students on a voyage of discovery as they learn about Pakistan, its provinces, and important places
- Introduces students to Pakistan's neighbouring countries, the world, its features, natural environments, endangered animals, people, and cultures through beautiful and exciting photographs and interesting text
- The maps are accompanied by activity sections which provide practice and reinforce the mapreading skills. The index helps the students locate and find places on the atlas maps

Oxford Elementary Learner's English-Urdu Dictionary

Ages 8 to 14 years

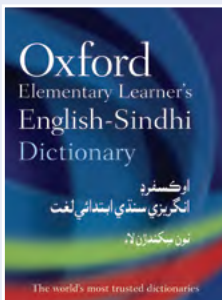

Translated by **SARA NAQVI**

Oxford Elementary Learner's English-Urdu Dictionary is the first of its kind that has been specially developed for new learners of English and Urdu. Providing a lucid presentation of meanings and easy comprehension for those who are in the rudimentary stages of learning the English language, the dictionary provides the tools to recognize, understand, and use essential vocabulary in an effective manner. This dictionary contains 15,000 English words and phrases and their Urdu equivalents. Illustrations of more than 550 words are given to clarify meanings.

Oxford Elementary Learner's English-Sindhi Dictionary

Ages 8 to 14 years

Translated by **NAZIR AHMED CHANNA,
NOOR AHMED JHANJHI, ASIF ALI KHOSO,
TASWEER HUSSAIN**

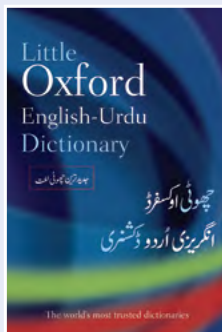

Edited by **QALANDAR SHAH LAKIAREE**

As a first bilingual dictionary for Sindhi-speaking students, *Oxford Elementary Learner's English-Sindhi Dictionary* provides all the help that is needed to understand and use English vocabulary. The dictionary contains Sindhi equivalents of all the 15,000 English words and phrases of the popular *Oxford Elementary Learner's Dictionary* (Second Edition). Headwords, their pronunciation, their parts of speech, illustrative sentences, and derivatives are provided in English with Sindhi equivalents. Both the explanations in English and their Sindhi translation use simple words and are easy to understand.

Oxford English-Urdu Mini Dictionary

Ages 10 and above

Compiled by **RAUF PAREKH**

The *Oxford English-Urdu Mini Dictionary* is a mini version, both in size and scope, of the very popular *Little Oxford English-Urdu Dictionary*. With 700 pages, it contains more than 33,000 entries and definitions explained in a very easy and simple style. In the available range of mini dictionaries, it is the most comprehensive and affordable dictionary. Because of its size, it is very handy.

Oxford English-Urdu Dictionary

Ages 11 and above

SHANUL HAQ HAQQUEE

Oxford English-Urdu Dictionary (OEUD) is a bilingual edition of Concise Oxford Dictionary. *OEUD* covers around 125,000 Urdu equivalents of English words, phrases and idioms. The meanings and expressions of English words have been translated into Urdu very carefully, clearly, and precisely. The *OEUD* also contains standard symbols and signs of today's British English, illustrative sentences, guidance for correct pronunciation, and keys of phonetic symbols. The *OEUD* will be an asset for those students who seek accurate and perfect bilingual references.

Oxford International Curriculum

**Nurturing creativity,
inspiring curiosity,
shaping the future**

The Oxford International Curriculum is a new approach to teaching and learning that places joy at the heart of the learning journey by fostering wellbeing and developing life skills for students' future academic, personal and career success.

This all-through curriculum integrates curriculum materials, continuous professional development, assessment and world-class resources, building the right foundations to prepare students for the next stage in their learning journey.

Through seven subjects – English, Maths, Science, Computing, Wellbeing, Global Skills Projects and Sustainability – the Oxford International Curriculum offers you a coherent and holistic approach with year-on-year progression, deepening students' knowledge and ensuring a smooth transition across every stage of their educational journey.

**The Oxford
International
Curriculum
is available via
subscription.**

**Oxford
International
Resources**

FOR MORE INFO

The Oxford International Resources provide the most comprehensive support available for schools where subjects are taught in English.

Fully matched to the Oxford International Curriculum, our methodology is based on nurturing enquiring young minds; helping your students learn how to learn, by asking the right questions.

OxfordAQA

The international exam board, a modern and credible alternative to other UK curriculum exam boards – offers qualifications aligned with the current UK education system and is designed specifically to be accessible for international students, equipping students with future-ready skills.

We're one of the fastest growing international exam boards. OxfordAQA is a partnership between Oxford University Press (a department of the University of Oxford) and AQA, by far the UK's largest provider of GCSEs and A-levels.

OxfordAQA offers schools a new innovative, student-centred approach to teaching and learning, which fosters wellbeing in education and develops a global outlook and lifelong learning skills for students' future personal, career and academic success.

With us, fairness comes first. Why should students who speak English as a second language, and live outside the UK, be at a disadvantage when they take international exams? At OxfordAQA, we only ever test subject ability, using top 3000 words in the English language.

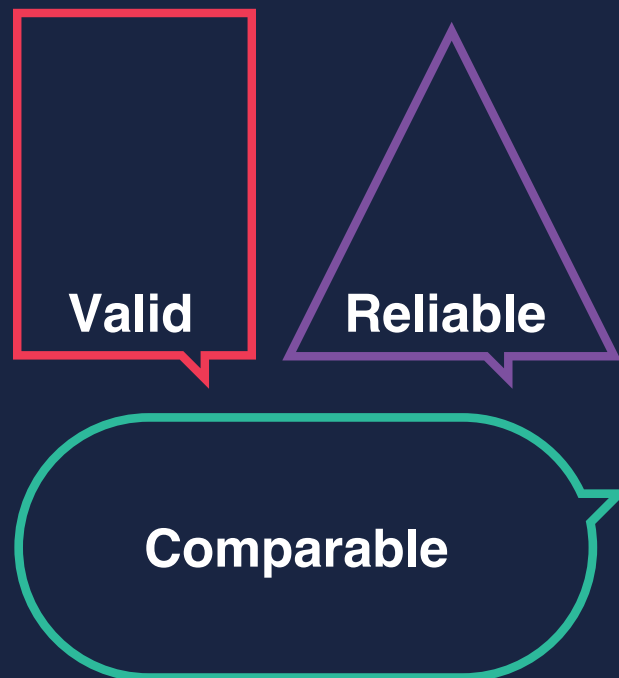

Find out more at:
oxfordaqa.com

OXFORDAQA

INTERNATIONAL QUALIFICATIONS

Develop your students' future skills with OxfordAQA

OxfordAQA International GCSEs and A-levels are designed to ensure that our qualifications remain comparable in the standard of the content as well as coverage of skills. The 9-1 grading system measures student ability against this new higher standard.

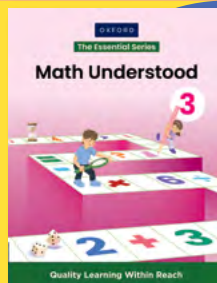

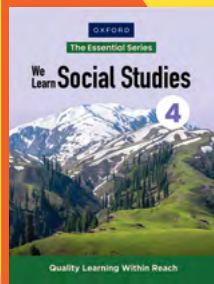

Become an OxfordAQA school in Pakistan

If you're interested in offering our qualifications at your school, you first need to become an **OxfordAQA approved centre**.

INTRODUCING

The Essential Series

Quality Learning Within Reach

Offering Oxford quality at an affordable price

The **Essential Series** is designed to offer basic content in English, Maths, Science, and Social Studies to a larger and more price conscious audience. Being easy to teach and understand, it aspires to provide a much larger audience with access to educational resources backed by Oxford quality.

KEY FEATURES

- Aligned with the National Curriculum of Pakistan
- Easy to Teach Content for English, Math, Science and Social Studies
- Bilingual teaching guides to facilitate better learning
- Step by Step Solution Guides
- Affordable price ranging from PKR 350 to 500
- Onsite and Virtual Training Sessions for Teachers
- Digital resources available through QR codes
- Attractive four colour printing in pastel colours

ENGLISH

We Learn English

An English language course spanning from K-8 for students learning English for the first time

- Engaging lessons and enjoyable activities for effective learning
- Extensive grammar support
- Enhancement of listening and speaking skills
- Reading passages to improve comprehension skills through culturally relatable characters
- Healthy mix of fiction and non-fiction texts

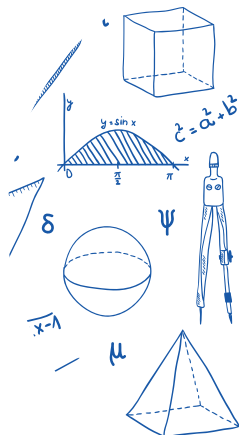

MATHEMATICS

Math Understood

Math Understood presents mathematical concepts in a progressive and structured sequence for Grades 1-5

- Connects abstract concepts to real life scenarios
- Develops critical thinking
- Plenty of exercises and solved worked examples explaining concepts clearly
- Allows students to learn at their own pace
- Mathematical concepts explained in simple and relatable manner

SCIENCE

Easy Science

Easy Science makes high quality science education accessible for grades K-5

- Simple language for ease of understanding
- Fact alerts providing real world examples
- “Try it out”- easy to carry out activities
- Practice questions and exercises for review and recall
- Further revision aids at the end of each book

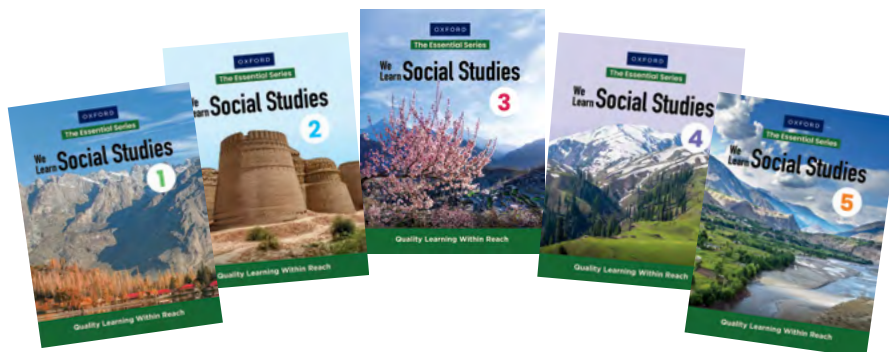

SOCIAL STUDIES

We Learn Social Studies

We Learn Social Studies second edition weaves Pakistan's rich cultural and national values for grades 1-5

- Nurtures communication skills, critical thinking, and analytical abilities
- Story based approach
- Localized settings ensuring meaningful and relevant education
- Geography and history explained simply
- Empowers students to become informed and active citizens

Professional Development

At **OXFORD UNIVERSITY PRESS** we believe learning is a continuous process, and supporting colleagues' professional development is key to our success. We offer in-person and online training to enable teachers to learn innovative teaching methods to meet global standards, and to get the maximum benefit from our print and digital resources.

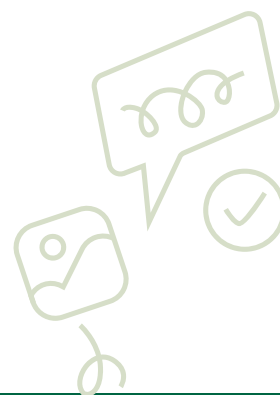

PROFESSIONAL DEVELOPMENT ACTIVITIES

1	Book-based and upskilling school workshops on-demand – in-person and online	✓
2	Live webinars for orientation and pedagogical skills	✓
3	Pre-recorded book-based webinars	✓
4	Enrichment in-person mega sessions for school clusters	✓
5	Subject-based extended training online courses	✓
6	Educators' networking events – teachers' symposium and school leaders' conference	✓
